July 2 To Be Parade Date

Lt. Gen. Milton G. Baker,
chairman of the Gettysburg
Centennial Commission, not-
ified Louis M. Simon, the ex-
ecutive secretary, in a tele-
phone call from Washington,
D.C., that the original sched-
ule of events calling for the
parade to be held on July 2
must be maintained.

The reason for this is that
too many reactivated units,
assembled by the Sons of Vet-
erans Reserves and the Con-
federate High Command, who
are to march in the historical
division of the parade, in ad-
dition to their major assign-
ment of participating in the
dramatization of the climax of
the battle which will take
place on the afternoon of July
3, will have to leave Gettys-
burg the morning of July 4.
Furthermore, the chairman
told Mr. Simon he did not
want to risk losing out on any
of the selected Defense De-
partment units who might
have other commitments for
July 4. All these DOD units
are firmly committed to being
in Gettysburg on July 2 and
some are to stay over for July
3. But it could not be immedi-
ately ascertained whether all
units could be available for
July 4.

"Whether the President
comes on July 1 or July 4 his
appearance will undoubtedly
be the highlight of that day.
Therefore the commission will
maintain sufficient flexibility
in its programming for either
of these two days to accom-
modate the schedule of the
President, whichever day he
chooses," Simon said.

BUILDER SHOW WILL SURPASS '62, CLUB SAYS

March 26. Following dinner at the

uled for the March 19 meeting.

nounced. The officers to be

GIVE VACCINE ON THURSDAY AT HOSPITAL

Those reporting to the Warner
Hospital Thursday afternoon to
receive the Type I Sabin polio
vaccine are asked to enter by
way of the main entrance of the
old portion of the hospital, Dr.
Harrison F. Harbach said today.

Members of Girl Scout Troop
955 will be on duty on the pave-
ments leading to the entrance to
guide those who park in the main
parking lots to the clinic. The
Scouts will also be on duty in
the hallways to guide the persons
going to receive the polio vaccine
and will serve as aides in the
area where the vaccine will be
given. Mrs. Harry Baker, a lead-
er of the Girl Scout troop, which
meets at Trinity United Church
of Christ here will be clinic co-
ordinator and Dr. James Allison
will be in charge of the clinic.

NEED PERMISSION SLIPS

Parents who bring children to
the polio vaccine clinic will find
forms there that they may fill out
to permit their children to ob-
tain the vaccine. However, if chil-
dren are reporting to the clinic
directly from school, they must
have with them permission slips
signed by their parents. It was
stressed that no child will be given
the vaccine without a parent's
permission slip.

Present plans call for those re-
ceiving the vaccine to leave from
the rear of the hospital and then
walk along the roadway back to
the parking spaces in front of the
hospital. Those seeking the vac-
cine were asked not under any
circumstances to use the parking
space at the rear of the hospital
which must be kept clear for
emergency vehicles.

Dr. Harbach said the distribu-
tion of vaccine will be made from
4 o'clock Thursday afternoon un-
til 6 o'clock.

Warner Hospital On Accredited List

The Annie M. Warner Hospital
is one of 4,000 accredited hos-
pitals in the United States, ac-
cording to a report of the Joint
Commission on Accreditation of
Hospitals.

Accreditations of a hospital
means that it has voluntarily sub-
mitted to a survey of its facili-
ties and patient care, the report
explains. The survey is conducted
by physicians who rate a hospital
on basic requirements for physi-
cal, medical and administrative
practices.

The local institution has been on
the accredited list for a number
of years.

T. Bream, chairman of the serv-
ice objectives committee, an-
nounced that the cerebral palsy
center for preschool children will
open here next Tuesday and said
they are in need of a record play-
er for the school. The club voted
that a record played be donated
to the center. Mrs. Bream also
announced the next dinner meet-
ing will be held April 9 and that

sentative from the state organiza-
tion for cerebral palsy, will be
the speaker.

on tour and showed colored slides
of Africa. He included a picture

Gettysburg Building Supply Company Will Hold An 'Open House' Friday And Saturday

The Gettysburg Building Supply
Company is expanding its fa-
cilities for the benefit of its cus-
tomers and has scheduled a grand
opening for Friday and Saturday
for the general public.

Numerous door prizes will be
offered during the event. Open
house hours will be 9 a.m. to 9
p.m. Friday and 9 a.m. to 5 p.m.
Saturday. Management and com-
pany employees will greet visitors
at the opening.

After 15 years of operation, the
Gettysburg firm will add 4,800
square feet of salesroom and
warehouse space to the original
structure at 235 S. Franklin St.,
and will extend display space to
show actual use of materials in
home and business construction.

JOINS OLD BUILDING

The new building, which is ad-
jacent to the quonset hut build-
ing in which Gettysburg Build-
ing Supply Company originated
in 1947, is constructed of Pruden
steel frame. The interior features
curtain walls that permit expan-
sible display surfaces for wall and
floor materials.

The new salesroom, which oc-
cupies the entire front of the 60-
foot wide structures, is well-light-
ed and spacious. Tools and sup-
plies are departmentalized to pro-
vide easy shopping, observation
and choice. Nationally advertised
and accepted tools and supplies
are on sale here. Building ma-
terials are displayed as they would
be used in actual construction.

Upon the completion of a new
office and bookkeeping section,
the old sales room will be con-
verted to a library room with re-
source material on all types of
construction materials and their
uses. Customers are free to use
the service to plan remodeling
and new construction. The ma-
terial also will provide creative
planning for customers.

Gettysburg Building Supply
Company has specialized in sup-
plies for home construction, and
in the field of remodeling and
modernization. One of its special-
ties has been conversion of un-
able display surfaces for wall and
floor materials.

Removal Of Soviet Troops From Cuban Bases Slow As Mid-March Deadline Nears

By THE ASSOCIATED PRESS
U.S. sources said today Soviet
troops are leaving Cuba at a rela-
tively slow pace with only two
days to go for Premier Khrush-
chev to honor his pledge to Presi-
dent Kennedy that "several thou-
sand" would depart by mid-
March.

In Moscow, the Communist party
newspaper Pravda said the
fourth ship carrying specialists
who had been training Cubans in
"powerful, up-to-date Soviet mil-
itary techniques" sailed for home
Sunday. It did not say how many
were in Sunday's contingent or
how many have left altogether.

This is the first time any such
departure story has appeared in
the Soviet press, indicating the
beginning of a propaganda build-
up.

560 SAILED SUNDAY

The New York Times news serv-
ice, in a Washington dispatch,

"RED CHERRY OUTLOOK NOT BRIGHT," SAYS JOHN A. HAUSER

The outlook for the red cherry
industry for 1963 is not good, John
A. Hauser, president of the C. H.
Musselman Division of the Pet
Milk Company, told more than 225
cherry and raspberry growers
and their wives Tuesday evening
at the annual banquet in the Big-
lerville plant cafeteria. Growers
traditionally are told the pros-
pects for the coming year in pro-
cessors needs at the annual banquet.

"I would be happy to tell you
the future is bright," Hauser
said, "but I can't honestly do it."
He said that the national carry-
over of canned and frozen cher-
ries is more than a million cases
and that "prices are deplorably
low." He said processors have
lost money on cherries over the
past two years.

MARGINAL GROWERS

He criticized "marginal grow-
ers" who help to create an un-
desirable situation in the fruit in-
dustry by extending their plant-
ings "every time a commodity
begins to pay a good price." These,
generally, are not good
growers, he said, and their prod-
ucts tend to pull down the qual-
ity of fruit from the area.

"Our cherries cannot match
cherries from other areas, par-
ticularly Michigan cherries. Grow-
ers in this area cannot produce
as economically as growers in
Michigan, and even in our own
orchards we have lost money on
cherries over the past two years."

RASPBERRY GOOD

He said the present carryover
in cherries is 70 per cent of next
year's needs. "Eastern plants did
not overpick and are not in bad
shape, but Michigan plants are
overfilling with cherries that are
not moving to market, despite
low prices," he said.

Hauser said the raspberry in-
dustry is good and he sees a solid

EQUITY ACTION ON TRIAL IN ADAMS COURT

Trial was begun this morning
before the Adams County court
without a jury, of the equity ac-
tion brought by Ernest P. Zim-
merman, Fairview, N.J., a navi-
gator on international airways,
against his wife, Mary E.
Zimmerman, Iron Springs, in
which Zimmerman is seeking the
return of a portion of the funds
expended from a joint account of
the couple.

Mrs. Zimmerman was giving
her side of the case when the
court adjourned at noon.
Zimmerman alleges that in No-
vember, 1960, he, his wife and
her three children by a former
marriage were residing in Gettys-
burg when they received a tele-
gram from Mrs. Zimmerman's
brother here asking her to come
home for "an emergency." A
transatlantic telephone call was
attempted and while the connec-
tion was poor, Zimmerman said
he understood that Mrs. Zimmer-
man's father was ill.

MASTER NAMED

Mrs. Zimmerman said the chil-
dren then left for Iron Springs.
According to Zimmerman's ac-
count, the proof of about \$25,000
a month support of his wife and
the children during the last three
months while he was in Europe
and returned to the U. S.

He testified that upon his re-
turn he established a trailer
home in New Jersey explaining
that because of his work he must
reside near a large center of
population where international air-
ports are located. He said Mrs.
Zimmerman never joined him in
New Jersey or later in California
despite his requests.

He alleges that Mrs. Zimmer-
man drew sums of \$500 and \$275
from joint accounts at the Fair-
field Bank without his approval.
The court Tuesday appointed
Attorney Eugene V. Bullett as
master in the divorce action of
John C. Stahl versus Anna D.
(Deatrick) Stahl and approved
incorporation of the York Adams
Pony Trotting Association.

TO OBSERVE JUNE, JULY EVENTS HERE

Plans to commemorate the June 26-27 "capture" of Gettysburg by the Confederates prior to the Battle of Gettysburg 100 years ago were outlined Tuesday evening at a meeting of the Adams County Civil War Centennial Commission at the courthouse.

Two other programs were planned. One will be held July 2 honoring the men from Adams County who lost their lives in the Civil War and the more than 3,000 men from the county who served with the armed forces in that conflict.

The other will take place at 10:30 a.m. July 1 marking the announcement to General Howard that General Reynolds had been killed, placing Howard in command of the Union forces here.

UNIFORMED UNITS

A number of uniformed men will take part in the program on the evening of June 27 commemorating the events when Confederates took over the town en route to Wrightsville. The program will include the role played by the college company and the local cavalry unit which met the Confederates. Also to be commemorated will be the death of Pvt. Sandoe of the cavalry company, first cousin to be killed in the Battle of Gettysburg period, and the reply of the president of the Gettysburg borough council.

Cashtown Lions Hold Auditions

Cashtown Lions auditioned more than 30 acts Tuesday evening for their second annual Talent Night to be held Saturday evening, March 23, at the South Mountain Fairgrounds.

Members of the talent committee of the club, who will make the final selection of the acts to be included in the show, were enthusiastic about the quality of the varied entertainment acts presented at the auditions.

"The quality of the talent and the variety of acts certainly exceeded that of previous years," a member said. "There were several contestants in each of these categories: tap dancing, baton twirling, vocal solos, instrumental groups and solos, dramatic readings, puppet shows, ballet dancing and general variety acts. The participants came from many parts of this county and from neighboring counties, the Lions said.

Tickets for the show are on sale by members of the Lions club and may be secured at Hershey's Men's store and at Bream's store at Cashtown. Lions said the auditorium will be heated for the program.

July 2 To Be Parade Date

Lt. Gen. Milton G. Baker, chairman of the Gettysburg Centennial Commission, notified Louis M. Simon, the executive secretary, in a telephone call from Washington, D.C., that the original schedule of events calling for the parade to be held on July 2 must be maintained.

The reason for this is that too many reactivated units, assembled by the Sons of Veterans Reserves and the Confederate High Command, who are to march in the historical division of the parade, in addition to their major assignment of participating in the dramatization of the climax of the battle which will take place on the afternoon of July 3, will have to leave Gettysburg the morning of July 4. Furthermore, the chairman told Mr. Simon he did not want to risk losing out on any of the selected Defense Department units who might have other commitments for July 4. All these DOD units are firmly committed to being in Gettysburg on July 2 and some are to stay over for July 3. But it could not be immediately ascertained whether all units could be available for July 4.

Whether the President comes on July 1 or July 4 his appearance will undoubtedly be the highlight of that day. Therefore the commission will maintain sufficient flexibility in its programming for either of these two days to accommodate the schedule of the President, whichever day he chooses," Simon said.

BUILDER SHOW WILL SURPASS '62, CLUB SAYS

With 30 booths show so far for the annual Builders Show, this year's program is already bigger than last year's, C. Robert Ziegler, general chairman for the program, announced Tuesday evening at a meeting of the Exchange Club in the Lamp Post Tea Room.

The annual show, sponsored by the Exchange Club, will be held in the Hotel Gettysburg Press Room March 28, 29, and 30. Arrangements were made for the club to hold a "work night" in connection with its meeting March 26. Following dinner at the Lamp Post the members will go to the press room to mark off the spaces for the booths and prepare the room for the Builders Show.

Ziegler announced these show committees: Gifts, Ralph Will, David Garfinkle and Carroll B. Smith; booth sales, Russell Kane, Ernest Simpson, Melville Zinn, Donald Peters and John Codori; ticket sales, Crosby Hartzell, Frank Hower, W. E. Jordan, Alexis Christman and all other members of the club; sign sales, Harvey White, Philip Neth and Roy Coldsmith; publicity, John J. Slentz, N. A. Meligakes; electrical equipment, Frank Graft and Millard Doyle.

ANNOUNCES PRIZES

Will announce that prizes to be presented at the show include a portable television, a hi-fi record player, eight cured hams, eight boxes of groceries, six electric toasters and six transistor radios.

Election of officers is scheduled for the March 19 meeting, President Millard Chronister announced. The officers to be elected at that time will be installed at a ladies' night program to be held about mid-April. The club voted a \$5 donation toward the International Farm Youth Exchange Fund sponsored by the Adams County senior extension, a county participant in the IFYE program this summer.

RESCHEDULE PRAYER DAY

The World Day of Prayer service, postponed from March 1, will be held Friday from 2 to 3 o'clock at the Prince of Peace Episcopal Church here. The Rev. J. Arley Leathe-man, minister of the A.C. Methodist Church, Carlisle, will speak.

The Rev. Mr. Leatherman has given leadership to the prayer-life movement in the Methodist Church. He has also contributed a chapter in the book "Spiritual Renewal for Methodism" which deals with the outstanding contribution of small groups to the power of early Methodism and

GIVE VACCINE ON THURSDAY AT HOSPITAL

Those reporting to the Warner Hospital Thursday afternoon to receive the Type I Sabin polio vaccine are asked to enter by way of the main entrance of the old portion of the hospital, Dr. Harrison F. Harbach said today.

Members of Girl Scout Troop 955 will be on duty on the pavements leading to the entrance to guide those who park in the main parking lots to the clinic. The Scouts will also be on duty in the hallways to guide the persons going to receive the polio vaccine and will serve as aides in the area where the vaccine will be given. Mrs. Harry Baker, a leader of the Girl Scout troop, which meets at Trinity United Church of Christ here will be clinic coordinator and Dr. James Allison will be in charge of the clinic.

NEED PERMISSION SLIPS

Parents who bring children to the polio vaccine clinic will find forms there that they may fill out to permit their children to obtain the vaccine. However, if children are reporting to the clinic directly from school, they must have with them permission slips signed by their parents. It was stressed that no child will be given the vaccine without a parent's permission slip.

Present plans call for those receiving the vaccine to leave from the rear of the hospital and then walk along the roadway back to the parking spaces in front of the hospital. Those seeking the vaccine were asked not to under any circumstances to use the parking space at the rear of the hospital which must be kept clear for emergency vehicles.

Dr. Harbach said the distribution of vaccine will be made from 4 o'clock Thursday afternoon until 6 o'clock.

Warner Hospital On Accredited List

The Annie M. Warner Hospital is one of 4,000 accredited hospitals in the United States, according to a report of the Joint Commission on Accreditation of Hospitals.

Accreditations of a hospital means that it has voluntarily submitted to a survey of its facilities and patient care, the report explains. The survey is conducted by physicians who rate a hospital on basic requirements for physical, medical and administrative practices.

The local institution has been on the accredited list for a number of years.

SOROPTIMISTS HEAR TALK BY DR. R. D. HEIM

Gettysburg Soroptimists made a donation to the cerebral palsy center to be opened here next week and heard Dr. Ralph D. Heim of the Seminary tell about his recent world tour at their monthly dinner meeting at the Lamp Post Tea Room Tuesday evening.

Twenty-five members and one guest, Mrs. Ralph D. Heim, were present. The dinner was in charge of the international good will and understanding committee with Mrs. Harry E. Manning, chairman, Mrs. H. C. Walker, Mrs. Walte Keeney, Miss Anna Weaver, assisted by Mrs. Harry Scott, Mrs. Samuel Higginbotham, Mrs. George Ditchburn and Miss Julia Peters. The meeting opened with the pledge to the flag, followed by the invocation by Mrs. Keeney.

Before the program, Mrs. Henry T. Bream, chairman of the service objectives committee, announced that the cerebral palsy center for preschool children will open here next Tuesday and said they are in need of a record player for the school. The club voted that a record played be donated to the center. Mrs. Bream also announced the next dinner meeting will be held April 9 and that Mrs. Beatrice Crowder, representative from the state organization, will be the speaker.

PICTURES ON AFRICA

Mrs. Manning was the toastmistress and introduced Dr. Heim, who made a study-lecture tour from last July 4 to October 22, visiting 46 countries. He spoke on all the continents he visited while on tour and showed colored slides of Africa. He included a picture of the Rev. and Mrs. Louis Bowers, the Lutheran missionaries from St. James Lutheran Church, who are serving in Monrovia, Liberia. The picture was taken in front of their church.

Gettysburg Building Supply Company Will Hold An 'Open House' Friday And Saturday

The Gettysburg Building Supply Company is expanding its facilities for the benefit of its customers and has scheduled a grand opening for Friday and Saturday for the general public.

Numerous door prizes will be offered during the event. Open house hours will be 9 a.m. to 9 p.m. Friday and 9 a.m. to 5 p.m. Saturday. Management and company employees will greet visitors at the opening.

After 15 years of operation, the Gettysburg firm will add 4,800 square feet of salesroom and warehouse space to the original structure at 225 S. Franklin St., and will extend display space to show actual use of materials in home and business construction.

JOINS OLD BUILDING

The new building, which is adjacent to the gunnet hut building in which Gettysburg Building Supply Company originated in 1947, is constructed of Pruden steel frame. The interior features curtain walls that permit expandable display surfaces for wall and floor materials.

The new salesroom, which occupies the entire front of the 60-foot wide structures, is well-lighted and spacious. Tools and supplies are departmentalized to provide easy shopping, observation and choice. Nationally advertised and accepted tools and supplies are on sale here. Building materials are displayed as they would be used in actual construction.

Upon the completion of a new office and bookkeeping section, the old sales room will be converted to a library room with resource material on all types of construction materials and their uses. Customers are free to use the service to plan remodeling and new construction. The material also will provide creative planning for customers.

Gifts of supplies for arts and crafts work at the County Home were acknowledged from the Gettysburg Rotary Club at the March meeting of the County Home Auxiliary Tuesday afternoon at the West St. branch of the Gettysburg National Bank. The Rotarians sent scissors, hammers and other small tools and supplies.

Reports were given on the current membership campaign and it was reported that beauticians of the country are continuing their services to women guests at the home with regular visits to give hairdos.

The meeting was held at the bank building because the home is under a voluntary "quarantine" because of the epidemic of illness in the community. The

Removal Of Soviet Troops From Cuban Bases Slow As Mid-March Deadline Nears

U.S. sources said today Soviet troops are leaving Cuba at a relatively slow pace with only two days to go for Premier Khrushchev to honor his pledge to President Kennedy that "several thousand" would depart by mid-March.

In Moscow, the Communist party newspaper Pravda said the fourth ship carrying specialists who had been training Cubans in "powerful, up-to-date Soviet military techniques" sailed for home Sunday. It did not say how many were in Sunday's contingent or how many have left altogether.

This is the first time any such departure story has appeared in the Soviet press, indicating the beginning of a propaganda buildup.

500 SAILED SUNDAY

The New York Times news service, in a Washington dispatch,

"RED CHERRY OUTLOOK NOT BRIGHT," SAYS JOHN A. HAUSER

The outlook for the red cherry industry for 1963 is not good, John A. Hauser, president of the C. H. Musselman Division of the Pet Milk Company, told more than 225 cherry and raspberry growers and their wives Tuesday evening at the annual banquet in the Biglerville plant cafeteria. Growers traditionally are told the prospects for the coming year in processor needs at the annual banquet.

"I would be happy to tell you the future is bright," Hauser said, "but I can't honestly do it." He said that the national carry-over of canned and frozen cherries is more than a million cases and that "prices are deplorably low." He said processors have lost money on cherries over the past two years.

MARGINAL GROWERS

He criticized "marginal growers" who help to create an undesirable situation in the fruit industry by extending their plantings "every time a commodity begins to pay a good price." These, generally, are not good growers, he said, and their products tend to pull down the quality of fruit from the area.

"Our cherries cannot match cherries from other areas, particularly Michigan cherries. Growers in this area cannot produce as economically as growers in Michigan, and even in our own orchards we have lost money on cherries over the past two years."

RASPBERRY GOOD

He said the present carryover in cherries is 70 per cent of next year's needs. "Eastern plants did not overpack and are not in bad shape, but Michigan plants are overflowing with cherries that are not moving to market, despite low prices," he said.

Hauser said the raspberry industry is good and he sees a solid

1,960 Persons Are Given Free X-rays

Dr. Raymond F. Sheely, president of the Adams County Tuberculosis Society, today reported that 1,960 persons in Adams County received free chest x-rays when the mobile unit was in the county last week. The largest number in one day was 841 x-rays, the number processed when the unit was in Gettysburg last Friday.

Each person who had an x-ray will be notified by mail of the findings, as soon as the plates have been read. This will be in approximately four weeks.

The mobile unit is brought here through the cooperation of the Pennsylvania Department of Health and the local Tuberculosis Society, which is supported by the Christmas seal sale each December.

EQUITY ACTION ON TRIAL IN ADAMS COURT

Trial was begun this morning before the Adams County court, without a jury, of the equity action brought by Ernest F. Zimmerman, Fairview, N.J., a navigator on international airplane flights, against his wife, Mary E. Zimmerman, Iron Springs, in which Zimmerman is seeking the return of a portion of the funds expended from a joint account of the couple.

Mrs. Zimmerman was giving her side of the case when the court adjourned at noon.

Zimmerman alleges that in November, 1960, he, his wife and her three children by a former marriage were residing in Luxembourg when they received a telegram from Mrs. Zimmerman's brother here asking her to come home for "an emergency." A transatlantic telephone call was attempted and while the connection was poor, Zimmerman said he understood that Mrs. Zimmerman's father was ill.

MASTER NAMED

Mrs. Zimmerman and the children then left for Iron Springs. According to Zimmerman's account, he provided about \$350 a month support for his wife and the children during the next three months while he wound up affairs in Europe and returned to the U. S.

He testified that upon his return he established a trailer home in New Jersey, explaining that because of his work he must reside near a large center of population where international airports are located. He said Mrs. Zimmerman never joined him in New Jersey or later in California despite his requests.

He alleges that Mrs. Zimmerman drew sums of \$900 and \$275 from joint accounts at the Fairfield Bank without his approval.

The court Tuesday appointed Attorney Eugene V. Bulleit as master in the divorce action of John C. Stahle versus Anna D. (Deatrick) Stahle and approved incorporation of the York-Adams Pony Trotting Association.

BOYLE'S Grab Bag

By HAL BOYLE
NEW YORK (AP)—Jumping to conclusions:
Business leaders are usually pictured as cool and well-adjusted, the real balance wheels of our civilization.

Actually, the industrial tycoon—and the military chieftain as well—is often more temperamental, neurotic and insecure in judgment than are many successful artists, writers and sculptors, who find in the discipline of their art a calming influence.

But the two classes in America most suspicious of the motives of others are probably movie stars and professional baseball players.

10TH ROBIN BEST
The first robin may be only a foolhardy adventurer. It's the 10th robin you see building a nest that really assures you spring is here. Nothing takes away the self-confidence of a grown person more than losing a front tooth. We have never met anybody over 40 who was satisfied with a new portrait photograph.

The simplest way to move to the rear of the bus is to follow a determined fat lady.

KINDS OF SNOBS
If you want to avoid a talkative barber, get your hair cut by an older one; the older he is, the more his feet probably hurt—and the more his feet hurt the less likely it is he'll want to give you his views on the state of the world.

A man who knows he is a snob usually makes a provocative and stimulating companion. It is those who are snobs and don't know it who bore us most.

No matter how worthless a fellow feels, it always helps his self-respect to get his shoes shined.

A man will spend his last dime having a good time, but women always keep a cash reserve somewhere in those portable trunks they carry.

MARRIAGE TEST
To anyone with common sense it is more inspiring to watch a small girl chanting as she skips rope than it is to spend an hour looking at the "Mona Lisa."

A marriage is still intact if, when a husband goes carousing, the wife is certain it was some friend who led him astray.

Few things stir agnosticism in a fellow more than theft of his golf clubs from his parked car while he's attending Sunday church services.

No girl is really quite ready for marriage if she can't cook an omelet without getting eggshells in it.

STOCKHOLM (AP)—Swedish officials figure it will cost the equivalent of \$80 million to get motorists to drive on the right side of the road—instead of the left.

Parliament will vote in April or May on the proposal to reverse a 250-year habit. If it's approved, Swedish drivers will follow the right side of the road like everyone else in Europe, except the British.

Costs will stem from the need to change traffic signs, reconstruct some highways and rebuild tramways.

NASSER PLEASED WITH IRAQI BOLT

CAIRO (AP)—President Gamal Abdel Nasser was reported taking a cautious but welcoming attitude today toward Iraq's proposal for a new Arab union.

Taleb Hussein Shabib, foreign minister of the new Iraqi revolutionary regime, proposed to Nasser Monday that Iraq, Syria and Nasser's United Arab Republic (Egypt) make a start by setting up a joint military command and an organization to coordinate political planning.

Indications were that the progress toward union would be slow and gradual. There was speculation that an Arab summit meeting might be called to discuss the idea.

The Iraqi plan calls for Yemen and Algeria to join the group later.

Nasser has not committed himself although informed sources said he welcomed the proposals warmly. There was no official comment from the new Syrian government. Pro-Nasser mobs in Damascus demonstrated in the streets chanting for unity with Egypt.

President Back From Catocin

WASHINGTON (AP)—President Kennedy flew back to the White House Monday from a day on a Maryland mountain top and greeted the boys' and men's choir from Poznan, Poland.

The choir got a presidential request to sing and Kennedy heard three numbers.

"Very good," he said, smiling and applauding. "I'm glad you came over here."

The performance took place in the White House rose garden on a chilly morning.

Kennedy landed by helicopter 50 yards away and went to his office briefly before going out to hear the choir. He had flown to Camp David, the presidential retreat on a ridge of the Catocin Mountains near Thurmont, Md., on Sunday.

SAN DIEGO, Calif. (AP)—The San Diego Naval Training Center has placed its 12,000 recruits under quarantine because of an outbreak of spinal meningitis that has claimed one life.

The latest of five cases was reported Sunday.

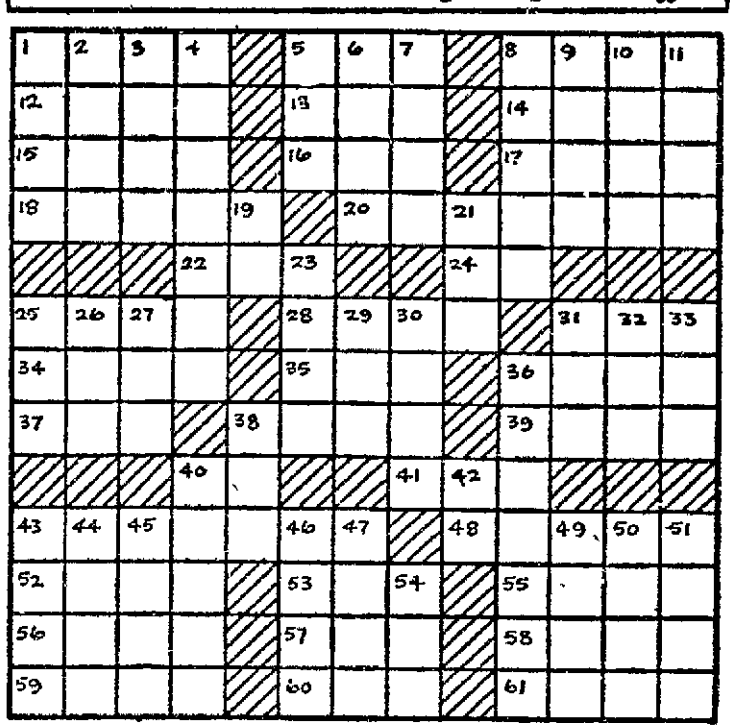

Recruit James S. Hale of Osborne, Kan., died Thursday soon after he entered a naval hospital. Four other recruits were reported in serious condition with the disease.

WARSAW (AP)—Poland's communist government admits it is plagued with too much talk and too many meetings at the expense of work.

"The surplus of conferences and consultations . . . is a sickness from which our administration has suffered for a long time," says a letter which the Council of Ministers is circulating to government administrators at all levels.

SAN FRANCISCO (AP)—Only 34 convicts are left in Alcatraz Federal Prison as the result of further transfers in the program aimed at deactivating the prison by July 1, Warden Olin G. Blackwell said Friday. The prison had 260 convicts a year ago.

Centenarian Is Unsure Of Her Age

BELLE VERNON, Pa. (AP)—With one more birthday out of the way, Mrs. Calliope Patrikousis looked forward today to her 110th, or maybe it will be her 114th birthday next year.

Mrs. Patrikousis, a native of Greece, celebrated her birthday Sunday in this Fayette County town. Her family says she is at least 109 and possibly as old as 114. No records of her birth exist.

No one even knows for sure that March 10 is Mrs. Patrikousis' birth date. The family, though, considers it as good a date as any.

About 15 members of the family joined Mrs. Patrikousis in celebrating Sunday. Another 100 persons, community residents, stopped in to wish her well.

PARIS (AP)—Striking coal miners plan a mass motorcade from the pits to Paris Wednesday. They want to present their case for a wage hike directly to President Charles de Gaulle's government.

The motorcade is planned by workers at the mines around Merlebach, in the Lorraine basin. Miners from other areas may join.

Now in the 11th day of their walkout, militant miners pledged at meetings Sunday not to go back until they get a 40-hour week and an 11 per cent increase over the \$5.80 a day they average now.

Gives Cause Of Death Of 37 Coal Miners On Dec. 6

HARRISBURG (AP) — Gov. Scranton released today an investigation report which said the December 6 Robena mine explosion that killed 37 miners was caused by exploding coal dust, methane gas and air.

The report listed 11 recommendations. The governor told his weekly news conference that on the basis of the recommendations he has ordered:

—The recommendations be forwarded to all state mine inspectors to alert them to possible sources of danger in mining operations.

—The report be studied "to determine whether new legislation implementing these recommendations is advisable for prevention of future tragedies."

The 34-page state report issued by the governor concluded that there were two separate explosions in the mine, one at 1 p.m. and another at 1:25 p.m. The miners were all killed by the first blast, it said.

30 CANDIDATES FILE PETITIONS FOR MAY VOTE

Adams County's election board today counted that, with more than 300 nominations to be made at the May primary, only about 30 petitions have been received so far for places on the ballot.

The deadline for filing petitions at the courthouse is Monday evening at 4 o'clock and the election board is hopeful that large numbers of petitions will be turned in during the next few days. Otherwise a great number of vacant spaces will be on the ballot when it is submitted to the electorate.

Some party committeemen today were reporting difficulties in finding people to run for some of the more minor posts in their townships.

WORK ON BUDGET

The budget for the present year was before the county commissioners again this afternoon with the commissioners hoping that they can complete it today.

This morning the commissioners heard the last four appeals on real estate assessments based mostly upon new assessments brought about by improvements and construction work. With the change of the "cut off date" for assessments to March 1, hearings on new assessments based on work under construction will be held this month instead of May.

Also scheduled for today is the setting of a date for receiving bids for painting the exterior woodwork at the courthouse which during the winter months had its brick work cleaned and restored to its appearance of a century ago.

July 2 To Be Parade Date

Lt. Gen. Milton G. Baker, chairman of the Gettysburg Centennial Commission, notified Louis M. Simon, the executive secretary, in a telephone call from Washington, D.C., that the original schedule of events calling for the parade to be held on July 2 must be maintained.

The reason for this is that too many reactivated units, assembled by the Sons of Veterans Reserves and the Confederate High Command, who are to march in the historical division of the parade, in addition to their major assignment of participating in the dramatization of the climax of the battle which will take place on the afternoon of July 3, will have to leave Gettysburg the morning of July 4. Furthermore, the chairman told Mr. Simon he did not want to risk losing out on any of the selected Defense Department units who might have other commitments for July 4. All these DOD units are firmly committed to being in Gettysburg on July 2 and some are to stay over for July 3. But it could not be immediately ascertained whether all units could be available for July 4.

"Whether the President comes on July 1 or July 4 his appearance will undoubtedly be the highlight of that day. Therefore the commission will maintain sufficient flexibility in its programming for either of these two days to accommodate the schedule of the President, whichever day he chooses," Simon said.

GIVE VACCINE ON THURSDAY AT HOSPITAL

Those reporting to the Warner Hospital Thursday afternoon to receive the Type 1 Sabin polio vaccine are asked to enter by way of the main entrance of the old portion of the hospital, Dr. Harrison F. Harbach said today.

Members of Girl Scout Troop 955 will be on duty on the pavements leading to the entrance to guide those who park in the main parking lots to the clinic. The Scouts will also be on duty in the hallways to guide the persons going to receive the polio vaccine and will serve as aides in the area where the vaccine will be given. Mrs. Harry Baker, a leader of the Girl Scout troop, which meets at Trinity United Church of Christ here will be clinic coordinator and Dr. James Allison will be in charge of the clinic.

NEED PERMISSION SLIPS

Parents who bring children to the polio vaccine clinic will find forms there that they may fill out to permit their children to obtain the vaccine. However, if children are reporting to the clinic directly from school, they must have with them permission slips signed by their parents. It was stressed that no child will be given the vaccine without a parent's permission slip.

Present plans call for those receiving the vaccine to leave from the rear of the hospital and then walk along the roadway back to the parking spaces in front of the hospital. Those seeking the vaccine were asked not under any circumstances to use the parking space at the rear of the hospital which must be kept clear for emergency vehicles.

Dr. Harbach said the distribution of vaccine will be made from 4 o'clock Thursday afternoon until 6 o'clock.

Warner Hospital On Accredited List

The Annie M. Warner Hospital is one of 4,000 accredited hospitals in the United States, according to a report of the Joint Commission on Accreditation of Hospitals.

Accreditations of a hospital means that it has voluntarily submitted to a survey of its facilities and patient care, the report explains. The survey is conducted by physicians who rate a hospital on basic requirements for physical, medical and administrative practices.

The local institution has been on the accredited list for a number of years.

Removal Of Soviet Troops From Cuban Bases Slow As Mid-March Deadline Nears

By THE ASSOCIATED PRESS

U.S. sources said today Soviet troops are leaving Cuba at a relatively slow pace with only two days to go for Premier Khrushchev to honor his pledge to President Kennedy that "several thousand" would depart by mid-March.

In Moscow, the Communist party newspaper Pravda said the fourth ship carrying specialists who had been training Cubans in "powerful, up-to-date Soviet military techniques" sailed for home Sunday. It did not say how many were in Sunday's contingent or how many have left altogether.

This is the first time any such departure story has appeared in the Soviet press, indicating the beginning of a propaganda buildup.

"RED CHERRY OUTLOOK NOT BRIGHT," SAYS JOHN A. HAUSER

The outlook for the red cherry industry for 1963 is not good, John A. Hauser, president of the C. H. Musselman Division of the Pet Milk Company, told more than 225 cherry and raspberry growers and their wives Tuesday evening at the annual banquet in the Biglerville plant cafeteria. Growers traditionally are told the prospects for the coming year in processor needs at the annual banquet.

"I would be happy to tell you the future is bright," Hauser said, "but I can't honestly do it." He said that the national carry-over of canned and frozen cherries is more than a million cases and that "prices are deplorably low." He said processors have lost money on cherries over the past two years.

MARGINAL GROWERS

He criticized "marginal growers" who help to create an undesirable situation in the fruit industry by extending their plantings "every time a commodity begins to pay a good price." These, generally, are not good growers, he said, and their products tend to pull down the quality of fruit from the area.

"Our cherries cannot match cherries from other areas, particularly Michigan cherries. Growers in this area cannot produce as economically as growers in Michigan, and even in our own orchards we have lost money on cherries over the past two years."

RASPBERRY GOOD

He said the present carryover in cherries is 70 per cent of next year's needs. "Eastern plants did not overpack and are not in bad shape, but Michigan plants are overflowing with cherries that are not moving to market, despite low prices," he said.

Hauser said the raspberry industry is good and he sees a solid

EQUITY ACTION ON TRIAL IN ADAMS COURT

Trial was begun this morning before the Adams County court, without a jury, of the equity action brought by Ernest F. Zimmerman, Fairview, N.J., a navigator on international airplane flights, against his wife, Mary E. Zimmerman, Iron Springs, in which Zimmerman is seeking the return of a portion of the funds expended from a joint account of the couple.

Mrs. Zimmerman was giving her side of the case when the court adjourned at noon.

Zimmerman alleges that in November, 1960, he, his wife and her three children by a former marriage were residing in Luxembourg when they received a telegram from Mrs. Zimmerman's brother here asking her to come home for "an emergency." A transatlantic telephone call was attempted and while the connection was poor, Zimmerman said he understood that Mrs. Zimmerman's father was ill.

MASTER NAMED

Mrs. Zimmerman and the children then left for Iron Springs.

According to Zimmerman's account, he provided about \$350 a month support for his wife and the children during the next three months while he wound up affairs in Europe and returned to the U. S.

He testified that upon his return he established a trailer home in New Jersey, explaining that because of his work he must reside near a large center of population where international airports are located. He said Mrs. Zimmerman never joined him in New Jersey or later in California despite his requests.

He alleges that Mrs. Zimmerman drew sums of \$800 and \$275 from joint accounts at the Fairfield Bank without his approval.

The court Tuesday appointed Attorney Eugene V. Bulleit as master in the divorce action of John C. Stahl versus Anna D. (Deatrick) Stahl and approved incorporation of the York-Adams Pony Trotting Association.

RACE ISSUE UP APRIL 2 IN BERKELEY

By LEONARD MILLIMAN

BERKELEY, Calif. (AP)—Berkeley is trying to be calm about Ordinance 39195.

But Berkeley knows the Capitol in Sacramento will be looking over its shoulder April 2 when the city votes on whether to let Negroes who can afford it move up into the hills.

The nation may be watching, proponents say, and perhaps the world, for hundreds of the 23,696

POPULAR VOTE

Ordinance 39195 is an attempt to eliminate admitted discrimination in housing in this college city of 111,168 on San Francisco Bay.

It is the first such ordinance to be adopted by a city council in California. But a referendum petition bearing 10,555 signatures took it out of the council's hands and sent it to a popular vote.

The ordinance would make it a crime—punishable by a maximum penalty of six months in jail and \$500 fine—to refuse to comply with a legal order to cease housing discrimination.

Parking Meters To Be Installed

Following recommendations of the safety and finance committees, Gettysburg borough council at the regular March meeting took steps intended to provide the borough coffers with enough revenue to meet 1938 expenses and reduce the borough debt. Council moved "to place the borough in a good financial condition at the end of this year" by three measures: 1. Adoption of a resolution by a five to three vote in a "secret" ballot, providing for the securing of bids on "200, more or less" parking meters to be placed in the business district on a six-month trial period. The bids will be opened April 4. 2. Approval of an ordinance levying a tax on admissions charged to "theatrical exhibitions and amusements" in Gettysburg. 3. Enactment of an ordinance raising the real estate tax rate for 1938 from 16 to 17 mills by the addition of one mill to the rate for general purposes, and five mills for special purposes. The special purposes comprise reduction of the bonded debt of the borough and the payment of interest on the debt.

The guests included Ann Louise Jennings, Florence Mirisch, Pattie Minter, Gloria Svarnas, Winifred Miller, Helen Shields, Leota Shields, Betty Rippton, Billy Timmins, Henry Steinger Jr., Ross Sachs, Jimmie Spahr and Eugene Eckert.

Today's Talk

ON FITTING IN

There is nothing more important, or more serious, than the job of fitting into the right place at the right time. None of us can hope to find exact fits, however! Many people are unable to fit in anywhere—and so they are the loneliest and most unhappy people in the world.

It never pays to spend too long a time trying to fit into a place that doesn't fit us—neither our inclinations nor our abilities. People have grown old seeking the proper niche—only to discover that they had passed a dozen that would have fitted all that they were, and given to them the happiness adequate to their desert.

Some of play "the lone wolf" in life and thereafter fit into but a few places and schemes. The matter of temperament comes in here.

The wise and competent man fits his life into the ideals and ambitions of his own creation. Each of us must be a creator of standards. We cannot follow the patterns of others excepting in principle.

All leaders are lonely. They travel the upper planes. They can not accept the decisions and admonitions of inferior minds. Their schemes do not fit the low places—but the mountain tops!

Many a man is born out of his time and place. Citizens of a century ahead they seem but loaned to us as samples, from whom we gain courage and hope for the performance of the important tasks of our time.

Prophets without honor are ever about us. They do not fit into the lesser plans—but they point us to happier paths by which we climb to higher ground.

Stevenson said: "It is a poor heart, and a poorer age, that cannot accept the conditions of life with some heroic readiness." We can at least fit our thought into such a sentiment and eagerly strive to prove worthy of our opportunities.

IMAGINATION

Wise Bobby Burns, whom millions quote,

Once saw a louse upon a bonnet

And seeing, went away and wrote

A deathless poem on it.

Another time a field mouse fled

A furrow that his plough was turning

And started in the poet's head

A poem schoolboys still are learning.

He saw a wounded hare limp by

To die by mate and young untended,

And wrote a verse that will not die

Before his fit of fury ended.

How much there is we fail to see!

How much escapes the reaper's gleaming!

Trifles to us might splendors be

If we could only grasp their meaning.

EAST BERLIN PLANS TO MARK TOWN FOUNDING

East Berlin is about to join the ranks of southern Pennsylvania communities celebrating their bicentennials.

Representatives of the VFW, fire company, Lions Club, Redmen and Pocahontas lodges, women's auxiliaries, Boy and Girl Scouts and others will attend a meeting at the borough hall at 7:30 p.m. Friday for the first of a series of sessions to plan the celebration scheduled for next year.

Founded by German-born John Frankenberger in 1764, the community was first christened Berlin for the founder's old home in Germany, but the "East" was added when the name was so frequently confused with the Berlin in Somerset County, Pa.

Historians record that Frankenberger in 1764 purchased 200 acres of land from Thomas and Richard Penn, for which he paid 28 pounds, 16 shillings and seven pence, and on May 8 of that year laid out the town into 85 lots, with one main street, four cross streets and five alleys.

HOMEOWNERS INSTRUCTED

Cost of the lots was two pounds, 15 shillings each, and each purchaser was required to erect a dwelling house on each lot within two years and six months, the houses to be at least 20 feet long and 16 feet wide with either a stone or brick chimney attached.

If the houses were not built in the specified time, the lot or lots were to be forfeited to the original owner. Purchasers also were required to pay on each lot a yearly rent of "one Spanish dollar" or equal value in Pennsylvania currency, payment to be made to Frankenberger, "his heirs and assigns, etc."

Ten years afterward, Frankenberger disposed of his interest to Peter Househill, for 350 pounds, and in 1782, Househill sold the same to Andrew Comfort.

"SIX FREEHOLDERS"

Comfort's will, dated November 19, 1789, directed that the "said town and plantation should be valued by six freeholders," and that his son, Andrew, should have the privilege of taking the estate at its valuation. When the second Andrew Comfort took the property his deed was dated January 21, 1794, the same year in which he sold his interest to John Hildebrand Sr.

Hildebrand was the grandfather of the late J. Curtis Hildebrand, renowned local schoolmaster of the Civil War period.

The original Hildebrand laid out 100 more East Berlin lots on the north side of the town, this section named Hildebrand's Addition, and gave a half-acre on the north side for the erection of a union church which was used at first by German Lutheran, Presbyterian and Reformed congregations. This northside tract was considered more suitable than the church site provided by John Frankenberger.

The same historical documents record that the first house completed under East Berlin terms was that built by Charles Himes in 1765 with the next that of Jacob Sarbaugh, 1766, and James Mackley, 1767. Mackley's house also was a small store where he became the town's first seller of tobacco.

Peter Lane erected a mill in 1769 at the western boundary of town where a mill has existed ever since, although the one built by Lane stood only 30 years before being "swept away by a freshet."

A high percentage of first settlers used the Pennsylvania Dutch dialect, continuing to do so for a hundred years and more, but the first English-speaking school was established five years after Frankenberger's original purchase. The teacher in 1769 was Robert John Chester, an Englishman, who later turned from schoolmaster to innkeeper.

East Berlin originally included what is now Hamilton Township but this southern section of the community separated in 1879 because of the inconvenient distance to the town's polling place.

Hauser introduced Leland H. Bull, state secretary of agriculture, who outlined the department's plans for promoting Pennsylvania farm products and agriculture. He said he plans an extensive Farm-City Week program "which will take a year to get ready." He said the industry, rails and truckers, suppliers and manufacturers of related farm products will cooperate in sponsoring the program which would be ready to present in 1964.

"We can be proud of our processing industry," he asserted and said that agriculture will attempt to "create an image" throughout the country of the state's importance to agriculture. He predicted that the governor's message on the budget will be given within the next two weeks and will include funds for inaugurating new farm promotional programs to support agriculture.

Bull said the department is making every effort to catch the offenders and to stop the practice.

Bull said that the soil mapping program in the state "is way behind by counties" and predicted that additional funds will be made available under the new budget to step up the program. He said it will take "10 to 12 years to complete the project." He also said that the state planning board

ADVERTISE IN THE TIMES

Today In Washington

WASHINGTON (AP)—Sir Winston Churchill, Britain's wartime prime minister, was a big step closer today to becoming the first foreigner to rate honorary American citizenship through an act of Congress.

By vote of 377 to 21, the House sent to the Senate Monday a resolution to bestow the honor of the doughty 88-year-old Briton.

Early Senate action is expected. Some murmurs of dissent over the House action were based mainly on the claim that American citizenship was something too precious to be given away.

WASHINGTON (AP)—American fighter planes will patrol President Kennedy's air route to Costa Rica next week. Presidential press secretary Pierre Salinger said Tuesday night that similar protection had been given the President before on his trips to Venezuela and Colombia.

Salinger said he wouldn't call the fighters an escort for they will be out of sight of the President's plane and various squadrons will take over the patrol duties along the way.

WASHINGTON (AP)—Six of the nation's ranking retired military officers would get a healthy increase in their retirement pay under a measure recommended Tuesday by a House Armed Services subcommittee as part of a proposed \$1.5-billion military pay increase.

Under the bill, the five-starred officers, Gen. Douglas MacArthur, Gen. Omar Bradley and Adm. Chester Nimitz would get a raise from \$20,543.36 a year to \$24,196.56. Gen. Carl Spaatz, Adm. Raymond Spruance and Gen. A.A. Vandegrift, would be raised from \$20,143.36 to \$21,386.56.

Former President Dwight D. Eisenhower draws a \$25,000 annual presidential pension but no military retirement pay. As a retired five-star general, however, he is entitled to all other benefits provided for retired officers.

Lenten Thought For Today

When we hear the term "redemption center" we immediately think of a large center where we take our trading stamps and cash them in for some valuable premium. Too few of us remember that God has a green stamp store in which we get a very valuable premium. The premium is life and God's green stamp store is Calvary. At this special redemption center outside of Jerusalem, God on Good Friday cashed in his son for the whole world that whosoever believes in Him should not perish but have everlasting life.

To say we have been redeemed by Jesus means that we have been bought at the price of God's own son. The price has been paid and we are the victors in life, through life and over life. We are saved because a trade was made by God and now, because of our redemption, we can and must live in a new, deeper, more abiding and complete relationship with God and our fellowman.

Gives Cause Of Death Of 37 Coal Miners On Dec. 6

HARRISBURG (AP) — Gov. Scranton released today an investigation report which said the December 6 Robena mine explosion that killed 37 miners was caused by exploding coal dust, methane gas and air.

The report listed 11 recommendations. The governor told his weekly news conference that on the basis of the recommendations he has ordered:

—The recommendations be forwarded to all state mine inspectors to alert them to possible sources of danger in mining operations.

—The report be studied "to determine whether new legislation implementing these recommendations is advisable for prevention of future tragedies."

The 34-page state report issued by the governor concluded that there were two separate explosions in the mine, one at 1 p.m. and another at 1:25 p.m. The miners were all killed by the first blast, it said.

30 CANDIDATES FILE PETITIONS FOR MAY VOTE

Adams County's election board today observed that, with more than 300 nominations to be made at the May primary, only about 30 petitions have been received so far for places on the ballot.

The deadline for filing petitions at the courthouse is Monday evening at 4 o'clock and the election board is hopeful that large numbers of petitions will be turned in during the next few days. Otherwise a great number of vacant spaces will be on the ballot when it is submitted to the electorate.

Some party committeemen today were reporting difficulties in finding people to run for some of the more minor posts in their townships.

WORK ON BUDGET

The budget for the present year was before the county commissioners again this afternoon with the commissioners hoping that they can complete it today.

This morning the commissioners heard the last four appeals on real estate assessments based mostly upon new assessments brought about by improvements and construction work. With the change of the "cut off date" for assessments to March 1, hearings on new assessments based on work under construction will be held this month instead of May.

Also scheduled for today is the setting of a date for receiving bids for painting the exterior woodwork at the courthouse which during the winter months had its brick work cleaned and restored to its appearance of a century ago.

Four Class A Interdistrict Cage Games Listed Tonight; Favor Catasauqua, Norwin

By THE ASSOCIATED PRESS

Class A interdistrict action gets underway in four gymnasiums across the state tonight, as the pressure-mounting PIAA playoffs nears the climax.

Plymouth-Whitemarsh, District 1 champion, meets Catasauqua of District 11 in Philadelphia in a game that will send its victor into the eastern regional finals. Catasauqua is favored by many to win the eastern title.

In other games, Scranton Central of District 2 clashes with Danville District 4 in an eastern contest at Lewisburg, while the two western encounters pit Bedford District 5 against Johnstown District 6 at Windber and Knoch District 9 against Erie Tech, District 10 at Meadville.

Meanwhile, the ground work has been laid in the PCIAA playoffs with the respective Class A, B and C regional champions scheduled to vie for the state crowns on Saturday.

Here's how those games shape up:

Scranton Prep vs. Johnstown Bishop McCort at the Johnstown War Memorial Arena for the PCIAA Class A title.

Carbondale St. Rose vs. Natrona St. Joseph's for Class B honors.

Williamsport St. Joseph's vs. Greenville St. Michael's in Class C.

The sites of the PCIAA Class B and C finals have not been determined.

In PIAA action Tuesday night, three district champions were crowned. They included Norwin, the cinderella team whose upset last week of defending Class A champion Uniontown made the Knights the team to beat in the west.

NAPONICK STAR

Norwin defeated Aliquippa, 6-64, to claim the District 7 WPIAL title. A sellout crowd of 10,718 in Pittsburgh Civic Arena saw big John Naponick lead his team to victory, tallying 33 points. In three tournament games, the 6-foot-9½ senior has netted 126 points, smashing the old record of 74.

In another Class A district final, Harrisburg William Penn scored 35 points in the second half to romp over Middletown, 59-37, and gain its first District 3 championship. Penn's Rick Alander—his back heavily taped to protect a recent injury—led all scorers with 23 points, 18 in the second half.

Both Norwin and Penn will enter interdistrict play Saturday—Norwin facing the winner of tonight's Johnstown-Bedford clash and Penn meeting the winner of the Danville-Scranton Central encounter.

Mercer won the District 10 Class B crown, downing Rocky Grove, 81-56. Mercer's Ron Bartholomew scored 17 points.

CLASS B SCORES

In first round Class B interdistrict play, Swoyersville, District 2, whipped Mansfield District 4, 69-43; Kutztown District 3 beat Fountain Hill District 11, 62-45; and Cresson District 6 smothered Berlin District 5, 88-59.

All except one of the PCIAA regional champions were crowned last night.

Scranton Prep downed Harrisburg Bishop McDevitt, 53-42, to win the eastern Pennsylvania Class A title for Catholic schools. Back-court man Tony Chali led the prop attack with 22 points, getting most of them in the second period on long set shots.

Carbondale St. Rose defeated Pottstown Pius X, 70-49, to take eastern B honors, and Williamsport St. Joseph's trounced Spring Grove St. Francis Prep, 73-51, in the eastern C final.

In two PCIAA Western finals, Natrona St. Joseph's beat Elk County Christian of St. Marys, 75-59, in Class B, and Greenville St. Michael's defeated Mazonville-Kolb Memorial, 72-62, in Class C.

Johnstown Bishop McCort had won the western Class A title earlier.

YIDDISH COMEBACK

NEW YORK (AP) — Yiddish theatrical activity is making a comeback in its traditional center on New York's Lower East Side.

After several seasons of decline in production, attributed to lessened interest in such shows by the younger generation, four entertainments are being unveiled in rapid succession.

Two, "A Cowboy in Israel" and "A Honeymoon in Israel," center their action in the young Mediterranean state. The other two are "The World Is a Stage" and "The Eleventh Inheritor."

Hank Aaron of the Milwaukee Braves hit safely in 25 consecutive games during the 1962 season, the longest batting streak of the year in the National League.

UCLA BRUINS WIN BERTH IN NCAA TOURNEY

By SHELDON SAKOWITZ

Associated Press Sports Writer

The UCLA Bruins, almost counted out of the Big Six Conference race two weeks ago, have become the final entrant in the 16-team NCAA Regional Basketball Tournament field.

UCLA eliminated the Stanford Indians 51-45 in a playoff to determine the Big Six representative at Santa Monica, Calif., Tuesday night. The victory qualified the Bruins for a berth in the Far West regional semifinals at Provo, Utah Friday night.

The Uclans, in gaining their second straight league crown, will meet Arizona State University in the Far West bracket.

INDIANS LOSE TWICE

A week ago Stanford led UCLA by two games with two games to play. But the Indians lost to the Bruins Friday and to Southern California Saturday. UCLA tied for first place by beating California Saturday.

NCAA regional semifinals at four sites will be held Friday night with the regional finals Saturday evening. The four survivors then advance to the national semifinals and championship game at Louisville, Ky., March 22-23.

Eight of the nation's top ten teams in the final Associated Press poll have qualified for the regional semifinals. Top-ranked Cincinnati will be seeking an unprecedented third straight championship.

OTHERS FROM TOP 10

Other members of the Top Ten competing are Duke, No. 2; Chicago Loyola, No. 3; Arizona State, No. 4; Mississippi State, No. 6; Illinois, No. 8; New York University, No. 9; and Colorado, No. 10.

The NAIA Tournament at Kansas City completed its second day of opening round games Tuesday and trimmed the field to 16 teams. Among the highlights, second-seeded Augsburg, Minn., turned back West Virginia State 67-57 and seventh-seeded Western Illinois was upset by Miles, Ala., 84-81.

Eight games are scheduled for the second round today and tonight.

PLAY BEGINS

The quarterfinals of the NCAA college division tournament take place today and tonight at Evansville, Ind., with four ranked teams in the AP's final small college Top Ten in the field, headed by top-ranked Wittenberg, Ohio.

The 26th annual National Invitation Tournament with 12 entrants gets under way Thursday night in Madison Square Garden with a first-round doubleheader. In the opener, Villanova, 19-8, meets DePaul, 15-7, while Fordham, 18-7, opposes Memphis State, 18-6, in the second game.

NAPONICK IS NORWIN STAR

PITTSBURGH (AP)—Norwin's Big John Naponick held center stage Wednesday following the Knight's 69-64 victory over Aliquippa for the WPIAL Class A basketball championship.

"It was just plain too much Big John for us," said coach Frank Janosik of Aliquippa as he 718 fans at the Civic Arena. Aliquippa Coach Lyman Stough also raved about his 6-foot-½, 285-pound star who scored 33 points and grabbed 22 rebounds.

"What else can I say about Naponick," a jubilant Stough said. "He did not complain he was being bumped underneath."

Janosik had more to say about the high-scoring senior. "He is simply tremendous," Janosik said. "We defended him the best we knew how and he fought his way out of the trap time and time again."

CASSIUS IS PICKED TO WIN BOUT TONIGHT

By MURRAY ROSE

Associated Press Sports Writer

NEW YORK (AP) — Cassius Clay takes the big step tonight on the road to a million dollars.

If cocky Cassius displays the punch to match his mouth against Doug Jones at Madison Square Garden, he could be well on the way to millionaire status before his 22nd birthday.

The 21-year-old, all-conquering heavyweight contender from Louisville is rated the favorite at odds ranging from 1-3 to 3-1 to whip the 26-year-old New York contender before a standing room only crowd of 18,732.

TO GET \$100,000

Starting time is 10 p.m. EST for the 10-rounder which will be telecast to 40 locations in 38 cities. New York will be blacked out of the closed circuit telecast.

For tonight's fight with Jones, Clay will earn about \$100,000 and Jones \$75,000. If he stops Jones in four, as he has predicted, or beats him decisively, he will be close to a title fight in September with heavyweight king Sonny Liston — providing Liston gets by Floyd Patterson again.

Jones never has been stopped. A fight with Liston—"that big, ugly bear" as Clay calls him—could earn Cassius his million. It also would give him the opportunity to achieve his ambition of becoming the youngest heavyweight champion of all time.

Patterson holds that distinction now. He did it when he was 21 years, 10 months and 26 days old. Clay, born on Jan. 17, 1942, has until Dec. 12 of this year to break the mark.

LISTON NEXT

"I'm gonna stop that Jones and then I'm going to whip that gorilla Liston and be the greatest champion of them all," proclaimed Cassius.

Clay, handsome, strong and fast and still growing, stands 6-foot-3 and weighs about 205 pounds. He won the Olympic light heavyweight (178 pounds) title in 1960 and has won all 17 of his pro fights, 14 by knockouts.

He already ranks as the No. 2 contender behind ex-champion Patterson although his victims mostly include rookies and washed up veterans like Archie Moore, Willie Besmanoff and Alex Miteff.

Jones, a pro since August, 1958, has a 21-3-1 won-lost-record including 13 knockouts. He is ranked third by Ring and fifth by the WBA.

NEW ORLEANS (AP)—Ralph Dupas is balking at a proposed title fight with junior middleweight champion Denny Moyer, but the dancing New Orleans boxer may have to go through with the fight whether he likes it or not.

The 27-year-old Dupas' main objection is the site of the proposed fight—Oakland—or, for that matter, any other place in California.

YANKEES HAVE TROUBLE WITH EXHIBITIONS

By MIKE RATHET

Associated Press Sports Writer

Everything is coming up roses for the Baltimore Orioles and Chicago White Sox, but as always the world champion New York Yankees are finding the exhibition baseball trail lined with thorns.

The Orioles and White Sox, who completed one of the biggest trades of the winter, received maximum performances from some of their newcomers Tuesday while the world champion Yankees were held to a lone scratch single in a 5-0 loss to Milwaukee at West Palm Beach, Fla. It was the Yanks' third loss in five games.

Only Tom Tresh's infield single in the seventh inning prevented the Yankees from complete humiliation as Frank Funk, acquired in a trade with Cleveland, Claude Raymond and rookie Larry Maxie combined to pitch the Braves to their first victory in four games.

ORIOLES' BEAT TIGERS
The Orioles whipped Detroit 7-2 in a night game at Miami, boosting their record to 4-0 and becoming the lone undefeated team, in either league, while the White Sox defeated the New York Mets 3-1 at Sarasota for their third triumph in four games.

Former White Sox regulars Al Smith and Luis Aparicio played key roles for the Orioles. Smith stroked a bases-loaded single to get Baltimore started in the first inning after Al Kaline had hit a two-run homer for Detroit. Aparicio wound up the scoring with a homer.

Former Orioles Dave Nicholson and Pete Ward drove in all the White Sox runs in the first inning against the Mets, Nicholson lashing a two-run double and Ward a run-scoring single. The Chicagoans received an added boost when comeback pitcher Herb Score allowed only one hit in three innings.

PHILS WIN AGAIN
In other Florida games, the Los Angeles Dodgers edged St. Louis 4-3 at St. Petersburg, Philadelphia belted Cincinnati 12-6 at Clearwater, Pittsburgh nipped Washington 7-6 in 10 innings at Fort Myers and Kansas City beat Minnesota 7-4 at Orlando.

On the Arizona front, the National League champion San Francisco Giants downed Boston 4-1 at Scottsdale, the Los Angeles Angels walloped Cleveland 6-1 at Tucson and Houston rallied for a 6-5 decision over the Chicago Cubs at Apache Junction.

SHEPPARD IS UNCONCERNED

HARRISBURG (AP)—Lawrence B. Sheppard, chairman of the state Harness Racing Commission apparently is unconcerned over legislative efforts to prevent him from racing horses in Pennsylvania.

On Monday, the House adopted an amendment to a harness racing bill prohibiting any member of the commission from entering a horse in a race at any one of the state's four pari-mutuel tracks.

When asked his reaction Tuesday, Sheppard replied:

"I really haven't thought much about it. I said I might bring a good horse into the state to show the fans. If the legislature doesn't let me, I don't care."

Sheppard, a Republican, is owner of Hanover Shoe Farms, a nationally known horse breeding concern. He was also commission chairman during the former Democratic administration.

McSherrystown

MRS. LESTER BOWMAN

McSHERRYSTOWN—There will be a meeting of all leaders, assistant leaders and committee women of the Annunciation Parish Girl Scout and Brownie troops Thursday evening at 8 o'clock in the Scout room of the school.

Miss Julia Porter and Mrs. Miller will be there to explain the new Scout program for 1963. Anyone who can attend should make an effort to do so.

Announcement has been made in the Annunciation Church that the Most Rev. Bishop Leech dispenses all the faithful from the Lenten fast and abstinence on the Feast of St. Patrick's, which will be observed on Monday, March 18.

LONG-RANGE VIEW

NEW YORK (AP) — The Ford Foundation's grants of \$6.1 million to nine theater groups across the country will have beneficial results also for Broadway, according to W. McNeil Lowry, the program's director.

"This is not an action aimed against Broadway," he said of the funds that will enable the expansion of resident, professional companies.

"The best we are making is that through the long-range associations this makes possible for actors, directors and writers, a higher level of theatrical quality and appreciation will come about."

Demeter Homers As Phillies Win

CLEARWATER, Fla. (AP) — Don Demeter hit a three-run homer and bonus pitcher Ray Culp hurled three hitless innings Tuesday as Philadelphia trounced the Cincinnati Reds 12-6 in an exhibition baseball game.

Demeter's homer, over the center field wall in the fourth inning, sparked a six-run outburst.

The Reds used four pitchers with only Marv Fodor, who hurled the last two innings, escaping unscathed.

Culp, who posted a 13-8 record with Williamsport in the Eastern League last year, pitched the middle three innings striking out four, walking one and hitting one batter.

SAYS COLTS' OWNER BET AGAINST TEAM

MIAMI, Fla. (AP)—Carroll D. Rosenbloom, owner of the Baltimore Colts, has been accused in federal court of betting \$55,000 against his own team in a 1953 National Football League game.

Rosenbloom's own lawyer put the accusation on the record Tuesday in an attempt to have ex-gambler Mike McLaney, of Miami Beach, who made the deposition three years ago, cited for criminal contempt. He said the charge was a vicious and outrageous lie.

But Judge George C. Young threw out the contempt motion, emphasizing that he was not ruling on the truth or falsity of the accusation.

BIG BETTOR

Also made public Tuesday were three affidavits in which McLaney's associates swore that Rosenbloom was a big bettor.

National Football League regulations forbid betting by players or owners.

Robert J. McGravey, once a Philadelphia detective, declared that he was Rosenbloom's personal assistant from 1951 to 1954 and that he had often placed bets for him.

WON 9 STRAIGHT

Richard Melvin, an investor, said in his affidavit, "I distinctly remember that during one professional season he made nine straight winning bets on professional football games."

Larry E. Murphy, onetime McLaney chauffeur, swore, "I particularly remember that in 1953 when his team was playing against the 49ers on the coast, Rosenbloom bet a large amount of money against his own team, and because of the point spread, won the bet."

The affidavits, made in connection with a stock deal suit in 1960, were sealed and the suit was dismissed by Federal Judge Joseph Lieb Jan. 5, 1961.

ATLANTA (AP)—It's the reappointed zone vs. the rustic shuffle tonight—with a prayer that the linament holds out.

The Georgia House takes on the Senate in a charity basketball game at Georgia Tech's Alexander Memorial Coliseum.

The House is a flight favorite, mainly because this chamber has a largely bench with four times as many members as the Senate.

Senate Coach Culver Kidd says he plans to use the reappointed zone defense to stop the rustic shuffle employed by House Coach Tom Murphy's team.

Koerner Named To MAC University Division First Team; Cloud MVP

Nate Cloud, Delaware court star who won the scoring and rebounding titles in the Middle Atlantic Conference's University Division this season, has been voted the division's most valuable player.

Cloud, a 6-6 senior from Wilmington, Del., was accorded the honor by coaches of University Division teams, in balloting concluded this week.

The MVP selection was a close one, with St. Joseph's 5-9 player-maker Jim Lynam a close second in the minds of the coaches.

Both Cloud and Lynam were named to the All-University Division first team, along with Frank Corace of LaSalle, 6-6 junior from Drexel Hill, Pa.; Tom Wynne of St. Joseph's and Ted Koerner of Gettysburg, 6-1 senior from Lahaska, Pa.

SECOND TEAM
University Division second team selections consisted of George Sutor of LaSalle, 6-7 sophomore from Philadelphia; Dan Fitzgerald of Temple, 6-5 sophomore from Philadelphia; Tony Abbott of LaSalle, 5-10 senior from Chester, Pa.; John Matthews of Bucknell, and Preston Denby of Lafayette, 6-4 sophomore from Yonkers, N.Y.

All of the first team selections are outstanding offensive performers, with a collective average of 94.3 points a game. Cloud led the division in scoring this season with an average of 21.8 points a game, Koerner was second with 21.2 points a game, Wynne fourth with 19.3 points, Corace fifth with 16.9 points, and Lynam eleventh with 15.1 points.

Cloud and Corace also were among the best rebounders in the division this season, Cloud finishing first with an average of 16.1 rebounds a game and Corace fifth with 11.1 a game.

Cepeda Gets \$1,000 Raise And Signs Up

MESA, Ariz. (AP) — The San Francisco Giants have rounded out what they hope will be the second successive National League pennant-winners by drawing reluctant first baseman Orlando Cepeda into camp with a \$1,000 raise in salary.

Cepeda, who had said he would stay in his native Puerto Rico until he was given a boost in his 1962 salary of \$46,500, agreed to report to work Friday after the pay increase was announced.

NAPONICK STAR

Norwin defeated Alliquippa, 6-64, to claim the District 7 WPAL title. A sellout crowd of 10,718 in Pittsburgh Civic Arena saw big John Naponick lead his team to victory, tallying 33 points. In three tournament games, the 6-foot-9 1/2 senior has netted 126 points, smashing the old record of 74.

In another Class A district final, Harrisburg William Penn scored 35 points in the second half to romp over Middletown, 59-37, and gain its first district 3 championship. Penn's Rick Alander—his back heavily taped to protect a recent injury—led all scorers with 23 points, 18 in the second half.

Both Norwin and Penn will enter interdistrict play Saturday—Norwin facing the winner of tonight's Johnstown-Bedford clash and Penn meeting the winner of the Danville-Scranton Central encounter.

Mercer won the District 10 Class B crown, downing Rocky Grove, 81-56. Mercer's Ron Bartholomew scored 17 points.

CLASS B SCORES

In first round Class B interdistrict play, Swoyersville, District 2, whipped Mansfield District 4, 69-43; Kutztown District 3 beat Fountain Hill District 11, 62-45; and Cresson District 6 smothered Berlin District 5, 88-59.

All except one of the PCIAA regional champions were crowned last night.

Scranton Prep downed Harrisburg Bishop McDevitt, 53-42, to win the eastern Pennsylvania Class A title for Catholic schools. Back-court man Tony Ciali led the prop attack with 22 points, getting most of them in the second period on long set shots.

Carbondale St. Rose defeated Potstown Pius X, 70-49, to take eastern B honors, and Williamsport St. Joseph's trounced Spring Grove St. Francis Prep, 75-51, in the eastern C final.

In two PCIAA Western finals, Natrona St. Joseph's beat Elk County Christian of St. Marys, 75-59, in Class B, and Greenville St. Michael's defeated Masontown-Kolb Memorial, 72-62, in Class C.

Johnstown Bishop McCort had won the western Class A title earlier.

YIDDISH COMEBACK

NEW YORK (AP) — Yiddish theatrical activity is making a comeback in its traditional center on New York's Lower East Side.

After several seasons of decline in production, attributed to lessened interest in such shows by the younger generation, four entertainments are being unveiled in rapid succession.

Two, "A Cowboy in Israel" and "A Honeycomb in Israel," center their action in the young Mediterranean state. The other two are "The World Is a Stage" and "The Eleventh Inheritor."

Hank Aaron of the Milwaukee Braves hit safely in 25 consecutive games during the 1962 season, the longest batting streak of the year in the National League.

YANKEES HAVE TROUBLE WITH EXHIBITIONS

By MIKE RATHET
Associated Press Sports Writer

Everything is coming up roses for the Baltimore Orioles and Chicago White Sox, but as always the world champion New York Yankees are finding the exhibition baseball trail lined with thorns.

The Orioles and White Sox, who completed one of the biggest trades of the winter, received maximum performances from some of their newcomers Tuesday while the world champion Yankees were held to a lone scratch single in a 5-0 loss to Milwaukee at West Palm Beach, Fla. It was the Yanks' third loss in five games.

Only Tom Tresh's infield single in the seventh inning prevented the Yankees from complete humiliation as Frank Funk, acquired in a trade with Cleveland, Claude Raymond and rookie Larry Maxie combined to pitch the Braves to their first victory in four games.

ORIOLES BEAT TIGERS

The Orioles whipped Detroit 7-2 in a night game at Miami, boosting their record to 4-0 and becoming the lone undefeated team, in either league, while the White Sox defeated the New York Mets 3-1 at Sarasota for their third triumph in four games.

Former White Sox regulars Al Smith and Luis Aparicio played key roles for the Orioles. Smith stroked a bases-loaded single to get Baltimore started in the first inning after Al Kaline had hit a two-run homer for Detroit. Aparicio wound up the scoring with a homer.

Former Orioles Dave Nicholson and Pete Ward drove in all the White Sox runs in the first inning against the Mets, Nicholson lashing a two-run double and Ward a run-scoring single. The Chicagoans received an added boost when comeback pitcher Herb Score allowed only one hit in three innings.

PHILS WIN AGAIN

In other Florida games, the Los Angeles Dodgers edged St. Louis 4-3 at St. Petersburg, Philadelphia belted Cincinnati 12-6 at Clearwater, Pittsburgh nipped Washington 7-6 in 10 innings at Fort Myers and Kansas City beat Minnesota 7-4 at Orlando.

On the Arizona front, the National League champion San Francisco Giants downed Boston 4-1 at Scottsdale, the Los Angeles Angels walloped Cleveland 6-1 at Tucson and Houston rallied for a 6-5 decision over the Chicago Cubs at Apache Junction.

SHEPPARD IS UNCONCERNED

HARRISBURG (AP)—Lawrence B. Sheppard, chairman of the state Harness Racing Commission, apparently is unconcerned over legislative efforts to prevent him from racing horses in Pennsylvania.

On Monday, the House adopted an amendment to a harness racing bill prohibiting any member of the commission from entering a horse in a race at any one of the state's four pari-mutuel tracks.

When asked his reaction Tuesday, Sheppard replied: "I really haven't thought much about it. I said I might bring a good horse into the state to show the fans. If the legislature doesn't let me, I don't care."

Sheppard, a Republican, is owner of Hanover Shoe Farms, a nationally known horse breeding concern. He was also commission chairman during the former Democratic administration.

McSherrystown

MRS. LESTER BOWMAN
McSHERRYSTOWN—There will be a meeting of all leaders, assistant leaders and committee women of the Annunciation Parish Girl Scout and Brownie troops Thursday evening at 8 o'clock in the Scout room of the school.

Miss Julia Porter and Mrs. Miller will be there to explain the new Scout program for 1963. Anyone who can attend should make an effort to do so.

Announcement has been made in the Annunciation Church that the Most Rev. Bishop Leech dispenses all the faithful from the Lenten fast and abstinence on the Feast of St. Patrick's, which will be observed on Monday, March 18.

LONG-RANGE VIEW

NEW YORK (AP) — The Ford Foundation's grants of \$6.1 million to nine theater groups across the country will have beneficial results also for Broadway, according to W. McNeil Lowry, the program's director.

"This is not an action aimed against Broadway," he said of the funds that will enable the expansion of resident, professional companies.

"The best we are making is that through the long-range associations this makes possible for actors, directors and writers, a higher level of theatrical quality and appreciation will come about."

Demeter Homers As Phillies Win

CLEARWATER, Fla. (AP) — Don Demeter hit a three-run homer and bonus pitcher Ray Culp hurled three hitless innings Tuesday as Philadelphia trounced the Cincinnati Reds 12-6 in an exhibition baseball game.

Demeter's homer, over the center field wall in the fourth inning, sparked a six-run outburst.

The Reds used four pitchers with only Marv Fodor, who hurled the last two innings, escaping unscathed.

Culp, who posted a 13-8 record with Williamsport in the Eastern League last year, pitched the middle three innings striking out four, walking one and hitting one batter.

SAYS COLTS' OWNER BET AGAINST TEAM

MIAMI, Fla. (AP)—Carroll D. Rosenbloom, owner of the Baltimore Colts, has been accused in federal court of betting \$55,000 against his own team in a 1953 National Football League game.

Rosenbloom's own lawyer put the accusation on the record Tuesday in an attempt to have ex-gambler Mike McLaney, of Miami Beach, who made the deposition three years ago, cited for criminal contempt. He said the charge was a vicious and outrageous lie.

But Judge George C. Young threw out the contempt motion, emphasizing that he was not ruling on the truth or falsity of the accusation.

BIG BETTOR

Also made public Tuesday were three affidavits in which McLaney's associates swore that Rosenbloom was a big bettor.

National Football League regulations forbid betting by players or owners.

Robert J. McGravey, once a Philadelphia detective, declared that he was Rosenbloom's personal assistant from 1951 to 1954 and that he had often placed bets for him.

WON 9 STRAIGHT

Richard Melvin, an investor, said in his affidavit, "I distinctly remember that during one professional season he made nine straight winning bets on professional football games."

Larry E. Murphy, onetime McLaney chauffeur, swore, "I particularly remember that in 1953 when his team was playing against the 49ers on the coast, Rosenbloom bet a large amount of money against his own team, and because of the point spread, won the bet."

CHARITY GAME

ATLANTA (AP)—It's the reappointed zone vs. the rustic shuffle tonight—with a prayer that the linament holds out.

The Georgia House takes on the Senate in a charity basketball game at Georgia Tech's Alexander Memorial Coliseum.

The House is a flight favorite, mainly because this chamber has a larger bench with four times as many members as the Senate.

Senate Coach Culver Kidd says he plans to use the reappointed zone defense to stop the rustic shuffle employed by House Coach Tom Murphy's team.

Koerner Named To MAC University Division First Team; Cloud MVP

Nate Cloud, Delaware court star who won the scoring and rebounding titles in the Middle Atlantic Conference's University Division this season, has been voted the division's most valuable player.

Cloud, a 6-6 senior from Wilmington, Del., was accorded the honor by coaches of University Division teams, in balloting concluded this week.

The MVP selection was a close one, with St. Joseph's 5-9 player-maker Jim Lynam a close second in the minds of the coaches.

Both Cloud and Lynam were named to the All-University Division first team, along with Frank Corace of LaSalle, 6-6 junior from Drexel Hill, Pa.; Tom Wynne of St. Joseph's and Ted Koerner of Gettysburg, 6-1 senior from Lahaska, Pa.

SECOND TEAM

University Division second team selections consisted of George Sutor of LaSalle, 6-7 sophomore from Philadelphia; Dan Fitzgerald of Temple, 6-5 sophomore from Philadelphia; Tony Abbott of LaSalle, 5-10 senior from Chester, Pa.; John Matthews of Bucknell, and Preston Denby of Lafayette, 6-4 sophomore from Yonkers, N.Y.

All of the first team selections are outstanding offensive performers, with a collective average of 94.3 points a game. Cloud led the division in scoring this season with an average of 21.8 points a game, Koerner was second with 21.2 points a game, Wynne fourth with 19.3 points, Corace fifth with 16.9 points, and Lynam eleventh with 15.1 points.

Cloud and Corace also were among the best rebounders in the division this season, Cloud finishing first with an average of 16.1 rebounds a game and Corace fifth with 11.1 a game.

Cepeda Gets \$1,000 Raise And Signs Up

MESA, Ariz. (AP) — The San Francisco Giants have rounded out what they hope will be the second successive National League pennant-winners by drawing reluctant first baseman Orlando Cepeda into camp with a \$1,000 raise in salary.

Cepeda, who had said he would stay in his native Puerto Rico until he was given a boost in his 1962 salary of \$46,500, agreed to report to work Friday after the pay increase was announced.

REDS' HOPES RIDING ON GENE FREESE

By JACK HAND
Associated Press Sports Writer

TAMPA, Fla. (AP) — Gene Freese was a baseball nomad, bouncing from club to club until he hit Cincinnati. He came into his own in 1961 and enjoyed his best year when the Reds won the pennant. A year ago in the first squad game, the Reds were practically eliminated from the pennant race when Freese's right ankle was broken.

A lion's share of the Reds' pennant hopes for 1963 rests on Freese's ability to regain his '61 form. That is why visitors to A. Lopez Field, Cincinnati's spring base, watch carefully when Freese moves around third base. Early reports are optimistic.

"Gene has shown me enough to prove he has entirely recovered from the ankle injury," said Manager Fred Hutchinson today. "Of course, we'll have to wait and see how it stands up in the games."

'I'M ALRIGHT'

Freese, 29, insists the Reds have no cause to worry.

"I am going to be all right," said Freese. "I want to forget it ever happened. It cost me a full season right after I had my best year. I still can feel it when I step on uneven ground. But don't worry, I'll do the job."

Freese had a fine year in '61 when the Reds won the pennant. He averaged 277 and hit 26 home runs and drove in 87 runs. The homers and RBIs were tops for him in the majors.

WARRIORS STAY IN RACE

By THE ASSOCIATED PRESS
The San Francisco Warriors still have a chance. Chances are '69 out of 100" Chicago doesn't.

That's the situation in the National Basketball Association today following a night in which the Warriors retained an outside chance to grab a playoff berth, and Chicago General Manager Frank Lane indicated the Zephyrs will be playing in Baltimore next season.

Meanwhile, Syracuse ran its winning streak to 10 games with a 130-106 walloping of the Zephyrs and Cincinnati handed hapless New York its ninth straight setback, 110-6. The other clubs were idle.

The San Francisco 116-110 win over Los Angeles left the Warriors 2 1/2 games behind Detroit in the battle for the third and last playoff spot in the Western Division. The best the Warriors can do is tie. In order to do that, they will have to win their last three games while the Pistons lose their closing two.

Tri-State Fish Men Discuss Shad Plan

WASHINGTON (AP) — Representatives of three states met with officials of the U.S. Fish and Wildlife Service Monday for the first in a series of discussions in restoring the migration of shad to the Susquehanna River.

The meetings, attended by representatives of New York, Pennsylvania and Maryland, are expected to last several weeks.

Under discussion is the advisability of building fishways along the river to collect migrating shad and pass them over a series of four dams.

Preliminary studies set cost of the project at \$5 million starting with a \$700,000 installation at Conowingo Dam.

4-YEAR DRAFT BILL HEADS FOR SENATE FLOOR

WASHINGTON (AP) — A four-year extension of the draft law, passed by the House with only three dissenting votes, begins its Senate journey Tuesday.

The Senate Armed Services Committee opens hearings on the Pentagon proposal with Assistant Secretary of Defense Norman S. Paul as the leadoff witness.

The bill cleared the House Monday on a 387-3 roll call vote. The only no votes came from Reps. Homer E. Ahele, R-Ohio, H. R. Gross, R-Iowa, and George E. Brown Jr., D-Calif.

"I can't understand for the life of me, with all the stories I hear about the unemployed youth of this country, why the armed services can't get all the manpower we need on a voluntary basis," Gross complained.

Two Democrats and a Republican sought to have the bill amended, but their proposals never got off the ground.

Rep. Henry S. Reuss, D-Wis., wanted the draft extension held to two years. He said with the world situation in a state of flux, the next Congress should have a chance to act on the draft, too.

The amendment was rejected on a 154-43 standing vote after Chairman Carl Vinson of the House Armed Services Committee said "of all times for letting the world think we are reducing our force, this would be the wrong hour and the wrong time."

The other amendments had similar goals. Rep. Roman Pucinski, D-Ill., wanted the maximum draft age cut from 26 to 22 years. Rep. Charles E. Goodell, R-N.Y., proposed an amendment declaring it the sense of Congress that more men should be drafted when they are 18 1/2 or 19 1/2 instead of at the present average of 23 years.

PLAN DENIED
Pucinski's amendment was turned down on a voice vote. Goodell's on a standing vote of 134 to 59.

The bill extends the draft law to July 1, 1967.

NINTH WOMAN STRANGLED IN BOSTON AREA

BELMONT, Mass. (AP) — The fashionable Belmont Hill section of this suburban town, rarely touched by violence or crime, lay shrouded in fear today following the strangulation murder—the ninth in Greater Boston since June—of a prominent 62-year-old woman.

Police sought a cleaning man, hired through a state employment office, who was working in the Scott Road home where Bessie Goldberg was found strangled with a silk stocking Monday.

The murder of the petite, dark-haired woman, a volunteer worker at Boston hospitals, stunned this quiet neighborhood.

WOMEN TERRIFIED
Police converged on the area but had difficulty gaining entrance to nearby homes to talk with neighbors. They said terrified women refused to open their doors.

Mrs. Goldberg's body was found lying on the living room floor by her husband Israel, when he returned home from his realty office about 4 p.m.

Goldberg told police he talked with his wife by telephone at 2:30 p.m. and asked if the cleaning man had arrived. He said she told him the man was there. She did not indicate there was anything wrong.

NEGRO CLEANER
Dr. David C. Dow, medical examiner, said the woman had been strangled. He declined to say if there was evidence she had been sexually molested.

Police said the Negro cleaning man was supplied by the Massachusetts Division of Employment Security. A bulletin described him as 35 years old, with scars on the center of his forehead and the corner of his left eye.

Since the first slaying, June 14, 1932, police have been stymied.

The first six victims and Mrs. Goldberg were either elderly or middle-aged. Only the seventh and eighth victims were young.

Many of the victims had some connection with a hospital.

Glowing Haddock Stumps Officers

MARCUS HOOK, Pa. (AP) — Mr. and Mrs. George Wallace are awaiting a Philadelphia chemist's report on part of a haddock they had for dinner last Friday.

They decided to have the fish analyzed when they discovered it was glowing bright enough to light their refrigerator which had a burned out bulb.

"It was so bright it burned my eyes," said Mrs. Wallace.

Besides the Wallaces, two patrolmen, who were summoned, and streets commissioner Alex McClure witnessed the glowing fish. "This was something I had to see," McClure said.

PLANE SKIDS UPON LANDING

BOSTON (AP) — An Eastern Airlines DC7 with 15 passengers and a crew of four skidded on a slushy runway at Logan Airport Thursday and dumped into a snow bank. No injuries were reported.

Frank Sweeney, chief inspector for the Massachusetts Aeronautics Commission, said after viewing the plane at the accident scene: "From the skidmarks on runway 4 it appears on preliminary inspection that the plane made a normal landing, but skidded on slush toward the left."

"The plane knocked down a few landing lights along the runway and crushed its own right main landing gear, causing it to list badly to the right. The only other damage appeared to be bent propellers."

Sweeney quoted the pilot of the plane, Capt. Edward R. Lejecker of McLean, Va., as saying he felt no braking action when his plane touched down on the runway.

The plane came in from Washington, DC.

Emergency equipment and manpower were rushed to the scene, but none was necessary. Sweeney said that when he arrived at the scene the passengers were standing near the plane in a daze awaiting transportation to the main building.

The passengers and crew were taken by bus to the airport's medical center for a routine checkup.

A Lovelier You

By MARY SUE MILLER

A LOVELY'S INVITATION. A hostess asks: Is it good manners to telephone invitations to a party? As a child I was taught that a note was the preferred form, but now my children say it's stuffy.

"The Answer: In these days of casual living, the practice of telephoning invitations has become accepted. And it makes sense when the guest list is small.

In issuing such invitations, however, the wording must be as exact as that used in a note. The day, hour and nature of the occasion must be clearly stated. The last point has special significance for guests, as it cues the dress required. Lacking the cue, a woman would not know whether to dress for a cozy get-together or a festive party. She could ask, of course, but questioning is always a bit sticky.

For large gatherings — teas, cocktail parties, buffet suppers, children's and teen parties—handwritten invitations are still favored. And simply because the procedure is the least cumbersome. For the purpose, stationers offers many kinds of cards. Always suitable is one's own visiting card or folded notepaper.

But whatever form a penned invitation takes, it can never be considered "stuffy." It is both

an efficient and gracious means to an end. And that just about sums up the happy way of doing anything in this modern world.

Two Entertainers Killed In Crash

ALLENTOWN, Pa. (AP) — Two nightclub entertainers were killed Monday night in a crash of their automobile and a truck on Route 22 in Kutztown, four miles west of here.

The victims were Maurice Evans, 24, of Hagerstown, Md., and Howard (Shotgun) Kelly, of Johnstown, Pa.

They were members of a four-man song-and-dance combo which played throughout the Lehigh Valley.

Police said the car carrying Evans and Kelly skidded on an icy patch in driving rain, hurdled a medial strip and plowed headon into the truck.

The truck driver, Dale L. Huggins, 43, of Wexford, Pa., was not injured.

Coal Firm Sells Land For Raceway

WILKES-BARRE, Pa. (AP) — The Glen Alden Coal Co. sold 350 acres to the Anthracite Raceway, Inc., Monday for use as the site of Pocono Downs, proposed multi-million dollar harness track.

Price for the tract, in Plains Township about five miles northeast of here, was in excess of \$200,000.

Bids for construction were to be opened today in Hazleton. Work is expected to start this month with completion date in the spring of 1964. A 50-day meet is scheduled for that summer.

An efficient and gracious means to an end. And that just about sums up the happy way of doing anything in this modern world.

FRENCH RAILS HURT BY STRIKE OF COAL MINERS

PARIS (AP)—A series of two-hour strikes in support of the striking coal miners threw France's railway system into confusion Tuesday.

Many suburban and long-line trains were delayed from 15 minutes to two hours. Commuters were thrown off schedule. Many were unable to crowd into the few trains running and had to take buses or private cars.

The rail workers set no precise time for shutting down any particular line. Instead they planned each walkout as a sudden, surprise action. Uncertainty hovered over the whole rail system.

The coal strike entered its 12th day with neither the government nor the 200,000 idle miners giving ground.

The miners continued to defy a government draft order which threatened them with fines, imprisonment or loss of pension rights as long as they refused to go back to work. They demand lifting of the draft and opening of negotiations as conditions for their return to the pits.

The government has said it will not negotiate while the miners flout the draft order. It has taken no action to enforce it.

Both sides refused to budge on the workers' demand for an 11 per cent wage increase plus a 40-hour week. The government, which owns and operates the nationalized mines, has refused to offer more than a 5.7 per cent wage hike and a promise to restudy wage scales next year.

used buildings to dwelling units, a feature for which there has been great demand in the Gettysburg area, because of a constant need for additional housing for an expanding population.

The 60-foot by 80-foot building which houses the new salesroom and office was constructed a few years ago to provide additional warehouse space to more than double the original plant. Additional warehousing is provided in a rail siding warehouse.

The company employs 11 men and women. It is under the direct management of William H. Musser Jr., president and general manager, S. Blaine (Sam) Miller is vice president and secretary.

Present employees are Charles E. Wolf, William Benson, Joyce Nary, John Carter, Brady Weikert, Patrick Flinn, William Dick Jr., Donald Heagey, Charles Walker, Elmer Simpson and Elizabeth F. Musser.

STARTED IN 1947

Gettysburg Building Supply Company started business in 1947 through the efforts of William Musser and his partner, S. Blaine (Sam) Miller, formerly with Union Roofing and Paper Company for 10 years. They started with very little capital, not too much knowledge of the business, but with a great amount of fortitude and determination. In fact, Bill Musser was a total stranger to both the Gettysburg area and the building supply business.

The firm exemplified what can be accomplished through aggressive management regardless of tough competition and economic problems. The company, which considers all of Adams County, Pa., as its trading area, has at least 17 active competitors within a 15-mile radius.

The actual plant is located on a lot that measures approximately 150 feet square. At the rear of the lot is the lumber storage shed which includes a small shop equipped to handle light millwork. Yard equipment includes two 14-foot bed trucks, a pickup truck, panel truck, station wagon and a fork lift truck for yard work. Although they lease some addi-

tional rail siding warehouse space, present facilities are inadequate and Musser said that this is the beginning of an extensive expansion program.

PLAN OTHER CHANGES

"Many other changes for the improvement of our facilities and services will be underway in the not too distant future," Musser says.

Gettysburg Building Supply has grown and progressed steadily over the past 15 years.

In the operation of the lumber yard, Musser places much importance on maintaining close personal contact with customers and emphasizing the customer service features of the business due to the competitive situation in the Gettysburg area. For the same reason he actively advertises and promotes the business through newspaper, radio and direct mail.

In order to keep up with the latest developments and techniques, Musser is constantly striving to increase his knowledge of the building materials business. He attends top management workshops regularly with lumber dealers from several northeastern states to discuss key topics.

BULK STORAGE AREA

In order to continue providing high calibre service to their customers but also be able to offer bulk materials on a competitive price basis, Gettysburg Building Supply has a bulk storage and selling area which enables them to serve both types of customers more efficiently. The new bulk storage yard is located a few blocks away from the present business site which will provide adequate separation of the two types of business but will be close enough to permit efficient management of both units.

One of the more unusual services provided by Gettysburg Building Supply Company is their house doctor service. One man and a special truck are available to perform small home repair and service work on jobs that are too small for a regular contractor to handle profitably. This service promotes sales of building materials to home owners which

The new salesroom of the Gettysburg Building Supply Company, S. Franklin St., adjoins the original quonset hut building in which the firm started business in 1947. Display walls are expandable and are used to show actual use of building materials. The entire front of the building is paved for parking and easy entrance to the salesroom and office.

GLENN TO BE AP SPEAKER

NEW YORK (AP)—Marin L. Col. John H. Glenn Jr., first American to orbit the earth, will be the principal speaker at The Associated Press annual luncheon on April 22.

Paul Miller, president of The Associated Press and head of the Gannett group of newspapers, made the announcement Tuesday.

might otherwise be lost to competition. This service exemplifies the kind of personal touch that Gettysburg Building Supply offers its customers.

Musser, together with his associates, has done a commendable job in building the business to what it is today and it is certain to continue growing under his active and progressive management. Bill extends much credit for his success to his customers, associates, employees and suppliers, without whose help and confidence the record of progress achieved by Gettysburg Building Supply would have been impossible.

He said Glenn would discuss the space program of the National Aeronautics and Space Administration and the meaning of the program to the future of the United States.

Approximately 1,500 editors and publishers from the United States and Canada and guests are expected to attend the luncheon at the Waldorf-Astoria Hotel.

The Associated Press meeting and luncheon will inaugurate a

week of meetings of newspaper executives, including the annual convention of the American Newspaper Publishers Association.

U.S. CUTS AREA OF INSPECTION OF BOMB TESTS

By MICHAEL GOLDSMITH

GENEVA (AP) — The United States substantially reduced today the area it said each on-site inspection should cover to police a ban on underground nuclear tests. U.S. Ambassador Charles C. Stelle put before the 17-nation disarmament conference the first detailed Western plan for inspection procedures.

The plan provides that any on-site inspection would cover a maximum of 500 square kilometers—1939 square miles. Previously the United States demanded inspection of an area of 700 to 800 square kilometers — 270 to 308 square miles — to determine whether a suspicious underground disturbance was an earthquake or a banned nuclear explosion.

REASON FOR SLASH

"A careful review of the scientific problems concerned in determining the location of an epicenter—the center of the disturbance—led the United States to offer the reduced inspection area, Stelle said.

Stelle told the conference the Soviet Union was given advance

BISHOP OXNAM PASSES AWAY

WHITE PLAINS, N.Y. (AP) — Bishop G. Bromley Oxnam, retired Methodist bishop, died Tuesday night.

Bishop Oxnam, who held posts in Washington, New York, Boston and Omaha, was one of the first presidents of the World Council of Churches. He died at the Burke Rehabilitation Foundation here.

Bishop Oxnam also was president of De Pauw University, Greencastle, Ind., prior to his election as bishop in 1936.

Death followed complications from surgery last December, a spokesman for the Methodist church said.

Bishop Oxnam was bishop of

notice of the detailed proposal in the hope of obtaining some Russian response.

"Thus far there has been no reply," he said.

The test ban talks are deadlocked by the Soviet refusal to discuss any inspection procedures until the West accepts the Soviet offer of an annual maximum of three on-site inspections.

Stelle said the American suggestions were worked out on the assumption that there would be seven inspections a year on the territory of each of the nuclear powers.

the Omaha area from 1936-39; of the Boston area, which includes almost all of New England, from 1939-44; of the New York area from 1944-52, and of the Washington area from 1952 to 1960, when he retired.

From 1948-54 he was one of six presidents of the World Council of Churches.

During the period that he was bishop of the New York area he was president of the former Federal Council of the Churches of Christ in America, which was incorporated into the present National Council of Churches in 1950.

Bishop Oxnam was born in Sonoma, Calif., on August 14, 1891. He had been living at 187 Garth Road in nearby Scarsdale, N. Y.

There will be a service Thursday for his immediate family and a memorial service is planned later, the church spokesman said. Following cremation, his ashes will be buried at Mount Auburn Cemetery, Cambridge, Mass.

Surviving are his widow, the former Ruth Fisher, whom he met at the University of Southern California where he was a football player; two sons, Robert F. Oxnam, president of Drew University, Madison, N. J., and former president of Pratt Institute, Brooklyn, N. Y., near Buffalo; a daughter, Mrs. Robert McCormack of Scarsdale, and eight grandchildren.

4-YEAR DRAFT
BILL HEADS FOR
SENATE FLOOR

WASHINGTON (AP) — A four-year extension of the draft law, passed by the House with only three dissenting votes, begins its Senate journey Tuesday.

The Senate Armed Services Committee opened hearings on the Pentagon proposal with Assistant Secretary of Defense Norman S. Paul as the leadoff witness.

The bill called the House Monday on a 387-3 roll call vote. The only no votes came from Reps. Homer E. Abele, R-Ohio, H. R. Gross, R-Iowa, and George E. Brown Jr., D-Calif.

"I can't understand for the life of me, with all the stories I hear about the unemployed youth of this country, why the armed services can't get all the manpower we need on a voluntary basis," Gross complained.

SEEK AMENDMENTS

Two Democrats and a Republican sought to have the bill amended, but their proposals never got off the ground.

Rep. Henry S. Reuss, D-Wis., wanted the draft extension held to two years. He said with the world situation in a state of flux, the next Congress should have a chance to act on the draft, too.

The amendment was rejected on a 154-43 standing vote after Chairman Carl Vinson of the House Armed Services Committee said "of all times for letting the world think we are reducing our force, this would be the wrong hour and the wrong time."

The other amendments had similar goals. Rep. Roman Pucinski, D-Ill., wanted the maximum draft age cut from 26 to 22 years. Rep. Charles E. Goodell, R-N.Y., proposed an amendment declaring the sense of Congress that more men should be drafted when they are 18 1/2 or 19 1/2 instead of at the present average of 23 years.

PLAN DENIED

Pucinski's amendment was turned down on a voice vote, Goodell's on a standing vote of 134 to 59.

The bill extends the draft law to July 1, 1967.

PITTSBURGH (AP)—Carbon monoxide poisoning has been blamed for the death Monday of David B. Fox, 21, of suburban Whitehall.

Authorities said he was found in a garage at the home of his grandmother in Brentwood. An investigation was being made.

NINTH WOMAN
STRANGLER IN
BOSTON AREA

BELMONT, Mass. (AP) — The fashionably Belmont Hill section of this suburban town, rarely touched by violence or crime, lay shrouded in fear today following the strangulation murder—the ninth in Greater Boston since June—of a prominent 62-year-old woman.

Police sought a cleaning man, hired through a state employment office, who was working in the Scott Road home where Bessie Goldberg was found strangled with a silk stocking Monday.

The murder of the petite, dark-haired woman, a volunteer worker at Boston hospitals, stunned this quiet neighborhood.

WOMEN TERRIFIED

Police converged on the area but had difficulty gaining entrance to nearby homes to talk with neighbors. They said terrified women refused to open their doors.

Mrs. Goldberg's body was found lying on the living room floor by her husband Israel, when he returned home from his realty office about 4 p.m.

Goldberg told police he talked with his wife by telephone at 2:30 p.m. and asked if the cleaning man had arrived. He said she told him the man was there. She did not indicate there was anything wrong.

NEGRO CLEANER

Dr. David C. Dow, medical examiner, said the woman had been strangled. He declined to say if there was evidence she had been sexually molested.

Police said the Negro cleaning man was supplied by the Massachusetts Division of Employment Security. A bulletin described him as 35 years old, with scars on the center of his forehead and the corner of his left eye.

Since the first slaying, June 14, 1952, police have been stymied. The first six victims and Mrs. Goldberg were either elderly or middle-aged. Only the seventh and eighth victims were young.

Many of the victims had some connection with a hospital.

Glowing Haddock
Stumps Officers

MARCUS HOOK, Pa. (AP) — Mr. and Mrs. George Wallace are awaiting a Philadelphia chemist's report on part of a haddock they had for dinner last Friday.

They decided to have the fish analyzed when they discovered it was glowing bright enough to light their refrigerator which had a burned out bulb.

"It was so bright it burned my eyes," said Mrs. Wallace.

Besides the Wallaces, two patrolmen, who were summoned, and streets commissioner Alex McClure witnessed the glowing fish. "This was something I had to see," McClure said.

PLANE SKIDS
UPON LANDING

BOSTON (AP) — An Eastern Airlines DC7 with 15 passengers and a crew of four skidded on a slushy runway at Logan Airport Thursday and dumped into a snow bank. No injuries were reported.

Frank Sweeney, chief inspector for the Massachusetts Aeronautics Commission, said after viewing the plane at the accident scene: "From the skidmarks on runway 4 it appears on preliminary inspection that the plane made a normal landing, but skidded on slush toward the left."

"The plane knocked down a few landing lights along the runway and crushed its own right main landing gear, causing it to list badly to the right. The only other damage appeared to be bent propellers."

Sweeney quoted the pilot of the plane, Capt. Edward R. Leiecker of McLean, Va., as saying he felt no braking action when his plane touched down on the runway.

The plane came in from Washington, DC. Emergency equipment and manpower were rushed to the scene, but none was necessary.

Sweeney said that when he arrived at the scene the passengers were standing near the plane in a drizzle awaiting transportation to the main building.

The passengers and crew were taken by bus to the airport's medical center for a routine checkup.

A Lovelier

A LOVELY'S INVITATION. A hostess asks: Is it good manners to telephone invitations to a party? As a child I was taught that a note was the preferred form, but now my children say it's stuffy.

"The Answer: In these days of casual living, the practice of telephoning invitations has become accepted. And it makes sense when the guest list is small."

In issuing such invitations, however, the wording must be as exact as that used in a note. The day, hour and nature of the occasion must be clearly stated. The last point has special significance for guests, as it cues the dress required. Lacking the cue, a woman would not know whether to dress for a cozy get-together or a festive party. She could ask, of course, but questioning is always a bit sticky.

For large gatherings — teas, cocktail parties, buffet suppers, children's and teen parties—handwritten invitations are still favored. And simply because the procedure is the least cumbersome. For the purpose, stationers offers many kinds of cards. Always suitable is one's own visiting card or folded notepaper.

But whatever form a penned invitation takes, it can never be considered "stuffy." It is both

Two Entertainers
Killed In Crash

ALLENTOWN, Pa. (AP) — Two nightclub entertainers were killed Monday night in a crash of their automobile and a truck on Route 22 in Kuhnsville, four miles west of here.

The victims were Maurice Evans, 24, of Hagerstown, Md., and Howard (Shotgun) Kelly, of Johnstown, Pa.

They were members of a four-man song-and-dance combo which played throughout the Lehigh Valley.

Police said the car carrying Evans and Kelly skidded on an icy patch in driving rain, hurled a medial strip and plowed headon into the truck.

The truck driver, Dale L. Huggins, 43, of Wexford, Pa., was not injured.

WILKES-BARRE, Pa. (AP) — The Glen Alden Coal Co. sold 350 acres to the Anthracite Raceway, Inc., Monday for use as the site of Pocono Downs, proposed multi-million dollar harness track.

Price for the tract, in Plains Township about five miles northeast of here, was in excess of \$200,000.

FRENCH RAILS
HURT BY STRIKE
OF COAL MINERS

PARIS (AP)—A series of two-hour strikes in support of the striking coal miners threw France's railway system into confusion Tuesday.

Many suburban and long-line trains were delayed from 15 minutes to two hours. Commuters were thrown off schedule. Many were unable to crowd into the few trains running and had to take buses or private cars.

The rail workers set no precise time for shutting down any particular line. Instead they planned each walkout as a sudden, surprise action. Uncertainty hovered over the whole rail system.

The coal strike entered its 12th day with neither the government nor the 200,000 idle miners giving ground.

The miners continued to defy a government draft order which threatened them with fines, imprisonment or loss of pension rights as long as they refused to go back to work. They demand lifting of the draft and opening of negotiations as conditions for their return to the pits.

The government has said it will not negotiate while the miners flout the draft order. It has taken no action to enforce it.

Both sides refused to budge on the workers' demand for an 11 per cent wage increase plus a 40-hour week. The government, which owns and operates the nationalized mines, has refused to offer more than a 5.7 per cent wage hike and a promise to restudy wage scales next year.

**Natural Gas turns Lions into Lambs
at less cost than other energy**

March weather, it has been said, comes in like a lion and goes out like a lamb. Or vice-versa. Mostly, it seems, March starts and ends like a lion... with very slim pickings for the lamb in between.

When it comes to heating your home that old bluster lion weather gets short shrift. Reliable natural gas service provides a steady flow of heat that keeps your home as cozy and warm as a lamb—with no worries of supply or of changes in outside temperature.

And natural gas provides this lamb-like comfort at a cost lower than any other source of energy. Less than coal. Less than oil. And at less than one-third of the lion-sized cost of electricity.

HAY PEDDLERS SHORT WEIGHT PA. FARMERS

HARRISBURG (AP)—The Commonwealth is investigating reports that Pennsylvania farmers are being cheated on hay purchased from the west to replace drought-depleted supplies.

"We are checking up on short weights," Agriculture Secretary Leland H. Bull said Tuesday.

Internal Affairs Secretary Genevieve Blatt added:

"I have asked the Bureau of Weights and Measures to investigate these reports immediately."

Bull said complaints of short-weighting in hay purchases stem from farmers who bought truckload lots from itinerant sellers.

Those who have purchased through established dealers generally have not held the problem, the agriculture official indicated.

CAUTIONED FARMERS

Bull cautioned farmers buying hay from itinerants to make sure the lot has been weighed. He also cautioned about the possibility the hay may be wet, making it far heavier than dry hay.

Pennsylvania's domestic hay production virtually was wiped out by a prolonged drought last summer. The same drought affected other northeastern states, seriously reducing regional supplies.

That forced Pennsylvania farmers, especially dairymen, to turn to the Midwest and Canada for hay. The state and federal governments promoted special freight rates to give farmers a break on hay purchases.

\$50 A TON

Even with the special rates, said Bull, hay generally has been selling in the \$50-a-ton range including rail freight charges which run from \$10 to \$26 a ton, de-

pending on distance.

The winter month price of hay ordinarily is \$35 to \$45 a ton in Pennsylvania. However, few producers buy hay in winter, since most produce their own hay in the summer or purchase it then when the price is in the \$25-a-ton range.

Meanwhile, Bull said he has asked the U.S. Agriculture Department to assure Pennsylvania producers that the reduced freight rates will be extended another month. They are due to expire March 31. However, domestic hay supplies will not be available until summer.

Bull said the Pennsylvania Railroad has provided a special rate giving state producers a hay shipping rate provid two 40-foot box cars for the price of one 50-foot boxcar.

The longer boxcars commonly are used in the west, while the shorter cars are in general use in the east.

MOSCOW (AP)—The Communist parties of the Soviet Union and China have agreed to a meeting to explore their ideological differences.

Whether it will be a summit conference between Soviet Premier Khrushchev and Chinese Communist chief Mao Tse-tung was not mentioned in the announcements published here and in Peking Monday. Informed sources said nothing much can be accomplished unless the two top men meet.

Communist China had been holding out for a general congress of the world's 81 Communist parties to take up the quarrel over whether peaceful coexistence with the capitalist world or militant opposition is the best way for Communism to conquer.

BRIDGE TOO COSTLY

WILMINGTON, Del. (AP) — A proposed \$120 million bridge spanning the Delaware River at Bombay Hook, Del., would cost too much and be too hard to build to be feasible, says a consulting engineering firm.

But, said the firm of Needles, Tammen & Bergendoff in a report Tuesday to the Delaware River & Bay Authority, a twin bridge farther upstream would be practical.

SURPLUS FOOD CHECK URGED

HARRISBURG (AP)—The state should take steps to prevent mismanagement of surplus food programs in the future, says a group of House Republicans.

They introduced a bill (H582) Tuesday that would place liability for such misuse of the federally-supplied food on the county where it occurred.

They also proposed that the state collect from Westmoreland County the money claimed from the state by the federal govern-

ment for misappropriation of some \$400,000 worth of surplus food in that county during the latter part of the 1950s.

Four persons, including two county officials charged with mismanagement of the program there were convicted of either selling food or distributing it to persons who were not qualified for the program.

The government agreed to settle its claim for \$163,000 but the county paid only \$21,000.

The state was forced to make up the difference or lose the entire program.

The American Red Cross last year provided health agencies and hospitals with 1,144,200 units of gamma globulin, the blood component used to prevent or modify measles and infectious hepatitis and to combat other infections.

Russians Picketed At Valley Forge

VALLEY FORGE, Pa. (AP)—Eight Russian churchmen visited the headquarters of the American Baptist Convention here Tuesday while some 60 persons afoot and in cars picketed the grounds.

The eight are part of a group of 16 Russian churchmen who have been visiting this country since Feb. 27 at the invitation of the National Council of Churches. Tuesday's orderly demonstration was similar to picketing that has greeted the Russians in other cities.

Among signs carried by the pickets was one saying "They Serve Khrushchev Not Christ."

At a press conference the Russians said that at home they enjoy religious freedom and church membership is increasing.

used buildings to dwelling units, a feature for which there has been great demand in the Gettysburg area, because of a constant need for additional housing for an expanding population.

The 63-foot by 80-foot building which houses the new salesroom and office was constructed a few years ago to provide additional warehouse space to more than double the original plant. Additional warehousing is provided in a rail siding warehouse.

The company employs 11 men and women. It is under the direct management of William H. Musser Jr., president and general manager, S. Blaine (Sam) Miller is vice president and secretary.

Present employees are Charles E. Wolf, William Benson, Joyce Nary, John Carter, Brady Weikert, Patrick Flinn, William Dick Jr., Donald Heagey, Charles Walker, Elmer Simpson and Elizabeth F. Musser.

STARTED IN 1947

Gettysburg Building Supply Company started business in 1947 through the efforts of William Musser and his partner, S. Blaine (Sam) Miller, formerly with Union Roofing and Paper Company for 10 years. They started with very little capital, not too much knowledge of the business, but with a great amount of fortitude and determination. In fact, Bill Musser was a total stranger to both the Gettysburg area and the building supply business.

The firm exemplified what can be accomplished through aggressive management regardless of tough competition and economic problems. The company, which considers all of Adams County, Pa., as its trading area, has at least 17 active competitors within a 15-mile radius.

The actual plant is located on a lot that measures approximately 150 feet square. At the rear of the lot is the lumber storage shed which includes a small shop equipped to handle light millwork. Yard equipment includes two 14-foot bed trucks, a pickup truck, panel truck, station wagon and a fork lift truck for yard work. Although they lease some additional rail siding warehouse space, present facilities are inadequate and Musser said that this is the beginning of an extensive expansion program.

PLAN OTHER CHANGES

"Many other changes for the improvement of our facilities and services will be underway in the not too distant future," Musser says.

Gettysburg Building Supply has grown and progressed steadily over the past 15 years.

In the operation of the lumber yard, Musser places much importance on maintaining close personal contact with customers and emphasizing the customer service features of the business due to the competitive situation in the Gettysburg area. For the same reason he actively advertises and promotes the business through newspaper, radio and direct mail.

In order to keep up with the latest developments and techniques, Musser is constantly striving to increase his knowledge of the building materials business. He attends top management workshops regularly with lumber dealers from several northeastern states to discuss key topics.

BULK STORAGE AREA

In order to continue providing high calibre service to their customers but also be able to offer bulk materials on a competitive price basis, Gettysburg Building Supply has a bulk storage and selling area which enables them to serve both types of customers more efficiently. The new bulk storage yard is located a few blocks away from the present business site which will provide adequate separation of the two types of business but will be close enough to permit efficient management of both units.

One of the more unusual services provided by Gettysburg Building Supply Company is their house doctor service. One man and a special truck are available to perform small home repair and service work on jobs that are too small for a regular contractor to handle profitably. This service promotes sales of building materials to home owners which

The new salesroom of the Gettysburg Building Supply Company, S. Franklin St., adjoins the original quonset hut building in which the firm started business in 1947. Display walls are expandable and are used to show actual use of building materials. The entire front of the building is paved for parking and easy entrance to the salesroom and office.

GLENN TO BE AP SPEAKER

NEW YORK (AP)—Marin Lt. Col. John H. Glenn Jr., first American to orbit the earth, will be the principal speaker at The Associated Press annual luncheon on April 22.

Paul Miller, president of The Associated Press and head of the Gannett group of newspapers, made the announcement Tuesday.

He said Glenn would discuss the space program of the National Aeronautics and Space Administration and the meaning of the program to the future of the United States.

Approximately 1,500 editors and publishers from the United States and Canada and guests are expected to attend the luncheon at the Waldorf-Astoria Hotel.

The Associated Press meeting and luncheon will inaugurate a week of meetings of newspaper executives, including the annual convention of the American Newspaper Publishers Association.

ELLWOOD CITY, Pa. (AP)—The body of 6-year-old Mark Alberth of Ellwood City was found Tuesday night in a small stream in this Lawrence County town about four hours after he was reported missing. Police said he drowned.

U.S. CUTS AREA OF INSPECTION OF BOMB TESTS

By MICHAEL GOLDSMITH GENEVA (AP) — The United States substantially reduced today the area it said each on-site inspection should cover to police a ban on underground nuclear tests.

U.S. Ambassador Charles C. Stelle put before the 17-nation disarmament conference the first detailed Western plan for inspection procedures.

The plan provides that any on-site inspection would cover a maximum of 500 square kilometers—1939 square miles. Previously the United States demanded inspection of an area of 700 to 800 square kilometers — 270 to 308 square miles — to determine whether a suspicious underground disturbance was an earthquake or a banned nuclear explosion.

REASON FOR SLASH

"A careful review of the scientific problems concerned in determining the location of an epicenter"—the center of the disturbance—led the United States to offer the reduced inspection area, Stelle said.

Stelle told the conference the Soviet Union was given advance notice of the detailed proposal in the hope of obtaining some Russian response.

"Thus far there has been no reply," he said.

The test ban talks are deadlocked by the Soviet refusal to discuss any inspection procedures until the West accepts the Soviet offer of an annual maximum of three on-site inspections.

Stelle said the American suggestions were worked out on the assumption that there would be seven inspections a year on the territory of each of the nuclear powers.

BISHOP OXNAM PASSES AWAY

WHITE PLAINS, N.Y. (AP) — Bishop G. Bromley Oxnam, retired Methodist bishop, died Tuesday night.

Bishop Oxnam, who held posts in Washington, New York, Boston and Omaha, was one of the first presidents of the World Council of Churches. He died at the Burke Rehabilitation Foundation here.

Bishop Oxnam also was president of De Pauw University, Greencastle, Ind., prior to his election as bishop in 1939.

Death followed complications from surgery last December, a spokesman for the Methodist church said.

Bishop Oxnam was bishop of the Omaha area from 1936-39; of the Boston area, which includes almost all of New England, from 1939-44; of the New York area from 1944-52, and of the Washington area from 1952 to 1960, when he retired.

From 1948-54 he was one of six presidents of the World Council of Churches.

During the period that he was bishop of the New York area he was president of the former Federal Council of the Churches of Christ in America, which was incorporated into the present National Council of Churches in 1950.

Bishop Oxnam was born in Sonoma, Calif., on August 14, 1891. He had been living at 187 Garth Road in nearby Scarsdale, N. Y.

There will be a service Thursday for his immediate family and a memorial service is planned later, the church spokesman said. Following cremation, his ashes will be buried at Mount Auburn Cemetery, Cambridge, Mass.

Surviving are his widow, the former Ruth Fisher, whom he met at the University of Southern California where he was a football player; two sons, Robert F. Oxnam, president of Drew University, Madison, N. J., and former president of Pratt Institute, Brooklyn, and Philip H. Oxnam of Kenwood, N. Y., near Buffalo; a daughter, Mrs. Robert McCormack of Scarsdale, and eight grandchildren.

New Strain Of Influenza Virus Is Responsible For Recent Widespread Epidemic

By FRANK CAREY
AP Science Writer

WASHINGTON (AP) — Discovery of two new strains of influenza virus—with all indications that one of them was largely responsible for this winter's widespread flu epidemics—was disclosed today.

The new strains were identified too late for this season's vaccine to include extra guards against them, it was learned.

One is a new and potent form of the Asian flu virus which first appeared in 1957. This new strain is the one held mainly responsible for this year's outbreak of flu—with the available vaccine having only limited power against it, Public Health Service doctors told a reporter.

LESS EFFICIENT

Studies have indicated that in animals, the present vaccine affords no protection at all against the new virus, they said. Preliminary evidence from human studies is that this winter the vaccine showed "appreciably less" than its usual 75 per cent efficiency—presumably because of the new virus.

Influenza cases have been unusually severe this winter, often lasting up to two weeks instead of the usual three or four days. School absenteeism has ranged up to 73 per cent of pupils in some schools. Death rates from pneumonia, complicated by flu, have been unusually high among the elderly in some communities.

FOUND IN FORMOSA

The other newcomer to the elusive brigade of viruses is a new strain of type B influenza virus. Type B and type A are the two major types of flu virus. Each has several subtypes.

So far, the new B-type strain appears to have been confined to a single schoolhouse in Formosa where it was first detected last November.

Scientists of the National Institutes of Health say it has the potential for spreading through the world next winter.

An example of this swift spreading is the new strain of Asian flu virus which NIH researchers said first appeared in Tokyo in January 1962.

SAMPLE FROM ABROAD

It wasn't until last June, when

The new salesroom of the Gettysburg Building Supply Company includes a business counter with catalogues and literature to aid customers in planning new construction or remodeling. William H. Musser, president and general manager, is behind the desk.

samples of the virus were obtained from abroad by NIH's Division of Biologic Standards, that first strong evidence was obtained that this was a new strain of Asian flu. It wasn't confirmed until November.

It was too late to include the new virus in the vaccine to be used in preparation for the winter of 1962-1963.

Millions of doses of vaccine had already been manufactured and distributed. It would have taken up to six months to tool up for inclusion of the new strain.

Also, scientists still couldn't be

sure the new strain would hit the United States, although there was evidence it had cropped up in Formosa and New Zealand as well as Japan.

EXPERIMENTAL VACCINE

Meanwhile, an experimental vaccine employing the new virus was developed at NIH. In tests on human volunteers, including more than 100 federal prisoners, the vaccine gave indications of protective value.

How did the new strains of virus develop?

No one really knows.

TV NAMES DO WELL IN QUIZ FOR STUDENTS

By CYNTHIA LOWRY

NEW YORK (AP) — David Brinkley, Charles de Gaulle and Cassius Clay were the best known names in a list of 37 VIPs used as an identity quiz for 67 freshmen at Western Kentucky State College recently.

Brinkley was identified by 66 of the students; De Gaulle, by 65; and boxer Clay by 64. On the other end of the scale, 62 were unable to identify correctly Associate Justice Byron White of the Supreme Court; 55 missed Senate Minority Leader Everett Dirksen; 53 didn't know Senate Majority Leader Mike Mansfield—one student thought he was a movie star. One student among the 36 who missed the correct identification of artist Pablo Picasso thought he was a tennis player.

ton—the same number that failed to recognize baseball player Stan Musial.

Results of the quiz were sent to NBC's newscaster David Brinkley by the woman English instructor who gave the test. Upshot of the test is that she assigned all 67 to read a daily newspaper and weekly news magazines. Obviously, they already watch television.

"CBS Reports" will devote its April 3 program to the controversial book, "Silent Spring," by Rachel Carson, and the use of chemical insecticides.

ABC will inaugurate a series of five-minute fashion shows on March 28 with Suzy Parker modeling the clothes. The six programs will be seen on Thursdays 11:55 a.m. to 12 noon.

"You Don't Say," the live word game that replaces "Young Dr. Malone" on NBC April 1, is produced by Lucille Ball's company and has had a test and shake-down period on a Los Angeles station. Which recalls that NBC is describing CBS' next year's evening schedule as "fun and games" while it grandly calls its own "drama and diversity."

ABC will definitely continue "The Price Is Right" in its 11:30 a.m. daily slot when it moves from NBC in September, but has not yet decided where or when to spot the nighttime edition. . . .

Ask Scott To Deny Slur On Judges

GREENSBURG, Pa. (AP)—The Westmoreland Bar Association has sent U. S. Sen. Hugh Scott, R-Pa., a copy of a resolution asking him to deny he questions the integrity of judges in that county.

Association members approved the resolution at a meeting Tuesday.

The resolution apparently refers to Scott's comment on a recent television program that there are certain "crooked" judges in western Pennsylvania.

The senator did not name any judges or counties. However, he later said he did not mean Allegheny County.

HARRISBURG (AP) — The membership of the 1963 legislature was complete today with the induction of Rep. L. Eugene Smith, 41-year-old Punxsutawney tire dealer as the 210th member of the House.

Smith, a Republican, took the oath of office Monday.

GOP House membership is now 109.

Smith replaces Rep. Samuel B. Dennison, also a Republican, who died following last fall's general election.

SEMANTICS IN COURT TRIAL

BUTLER, Pa. (AP)—The main problem in the extortion trial of Joseph May of Eilwood City, a state building inspector, is one of semantics, says May's attorney.

Both sides completed their summation in Butler County Court Tuesday. The judge was scheduled to charge the jury Wednesday and then the case was to go to the jury.

May is charged with extorting a power lawn mower from Charles Snyder, a Butler real estate man, for assurance that state approval would be given to a remodeling project on a building owned by Snyder's corporation.

Defense Attorney A. R. Clingman told the panel Tuesday it would have to decide what May's intent was when he asked Snyder if he could get a lawn mower for May at a discount or wholesale price.

The question of whether the mower was a reward or was purchased was raised by Dist. Atty. Donald Doerr, who said May

One concept is that such mutations may result partly from a natural adaptation of the virus to some threat to its existence, such as vaccine.

Nature's own radiations — including cosmic rays—may be another factor, scientists say. Radiation from nuclear tests is still another possibility, "although, at present, there is no way to prove this—or disprove it."

SAO RESULT OF HUMILIATION, FRUSTRATION

By RICHARD K. O'MALLEY
PARIS (AP)—The terrorist Secret Army Organization of France is a product of humiliation, frustration and defeat.

Its seeds were sown in the rice paddies of Indochina, where the little brown men of the Communist Viet Minh triumphed. It was nurtured in the humiliating disaster of the Suez venture. It flowered bloodily in the red soil of Algeria.

These items of history are responsible, too, for attracting to its ranks names once venerable in the proud military history of France. These men believe that they are the patriots and President Charles de Gaulle the traitor.

ALGERIA, LAST STRAW

For them, Algeria was the last straw. They had seen their armies defeated and thwarted elsewhere and they were determined to keep Algeria French by any means. History had passed them by, but in their fanatic determination they wanted to make it stand still. They could not realize that when the first band of rebels raced out of the Aurès Mountains in 1954 Algeria already was lost.

De Gaulle, with his eye sharply upon the march of events, realized the hard fact of Algerian independence and said so. The men who created the secret army heard him with astonishment and rage.

NAME AND AIM

So, in April 1961, the secret army became an organization with a name and an aim.

It was in that month that Gen. Raoul Salan, France's most decorated soldier, led the disastrous putsch of the generals in Algiers which crumbled in four days. Two generals became prisoners. Air force Gen. Maurice Challe quickly gave himself up. On May 6, Gen. Andre Zeller surrendered. Salan and Gen. Edmond Ouhada fled Algiers in a truck loaded with paratroopers.

From then until independence came to Algeria the secret army and its killers swaggered bloodily through that land. They established networks in France and the roar of plastic bombs shattered the calm of Paris and of other cities. They were exploded in warning, in retribution and in savage blackmail to obtain funds.

PICK OFF LEADERS

One by one the secret army leaders are being picked off. Gen. Paul Gaudy, the last secret army high officer, is still a fugitive. Tough, wiry Col. Yves Godard, former intelligence chief of Algiers, has not been heard of for months. Some say he is dead. Col. Antoine Argoud was netted in a bizarre operation less than two weeks ago.

Today the two men whose names appear most as secret army chieftains are Col. Pierre Chateau-Jobert, who deserted the army in January last year, and

TV PROGRAM EXPERIMENT IS IN PROGRESS

By CYNTHIA LOWRY
AP Television-Radio Writer
NEW YORK (AP)—Tucked unobtrusively amid the welter of sports shows and old movies that occupy Sunday afternoon television, an interesting, even controversial experiment is in progress.

It is a series of five half-hour programs on ABC's "Directions '63," which is probing the sensitive area of ethics—Americans' values of right and wrong.

The programs, produced in cooperation with the Jewish Theological Seminary of America, started two weeks ago with a discussion between a clergyman and a rabbi who participated in prayer pilgrimages and vigils in the South. Last Sunday the subject was teen-age behavior.

OTHER ISSUES

In coming weeks, discussions will revolve around business ethics, scientists and their social responsibility and ethics in world affairs.

Moderator of the series is Robert Lewis Shayon, by profession a television critic for the Saturday Review and personally disturbed about lack of ethical guidelines. "We're trying to probe and reveal ethical values," he said. "If you look closely, sometimes you find that the real motive behind some good acts is fear or a need for publicity. The problem is how one arrives at ethical values. And when you've arrived, what makes you think you are right? Or that the other fellow is wrong?"

Shayon says that almost every big business has evolved procedures covering just about every aspect of corporate life—"but not a single one has guidelines for that thing called ethics."

Shayon feels broadcasting has an ethical problem involving its programming.

"What do men of education and learning owe the public in terms of television programming?" he asked. "Does the public have a right to receive only programs it seems to enjoy, or should there be better programs presented regularly, so that the public can be exposed to them—and perhaps some of it will rub off?"

TOKYO (AP)—Red China says its leaders and the Russians agree there should be talks "on important questions" concerning the international Communist movement. But the report from the New China News Agency did not seem to bring a meeting any closer.

The agency said Soviet Ambassador S. V. Chervonenko and Teng

Serves In Cold Weather Drill

Pfc. James R. Sanders, son of Mr. and Mrs. Ralph H. Sanders, R. 5, recently took part in "Exercise Wintersnap II," a cold weather field training maneuver in Korea, with other members of the 1st Cavalry Division.

The exercise was designed to test and improve combat effectiveness of U. S. forces helping defend the Republic of South Korea.

Sanders is a machine gunner in Company C of the 5th Cavalry's 1st Battle Group.

He entered the Army in January, 1962, completed basic training at Fort Jackson, S. C., and arrived overseas in January of this year.

The 23-year-old soldier attended Delone High School, McSherrytown.

Graduates In NCO School At Eustis

Cpl. Jackie M. Ketterman recently graduated from the Non-commissioned Officer (NCO) Academy at Fort Eustis, Va.

He received five weeks of training in various military subjects with emphasis on leadership and combat tactics. The purpose of the academy is to broaden the soldier's professional knowledge and to instill in him the self-confidence and sense of responsibility required of a capable leader.

The 21-year-old soldier, son of Mrs. Helen C. Ketterman, Littlestown R. 1, is a 1959 graduate of Littlestown High School.

AGRIGNON, Greece (AP) — Thirty-seven houses and a monastery were buried under tons of earth at the nearby village of Tarana after three strong earth tremors shook the area Tuesday.

Residents and monks fled in panic minutes before earth and huge boulders came rolling down off a nearby mountain. No casualties were reported.

LE HAVRE, France (AP)—The Mona Lisa returned to France Tuesday after her triumphant visit to Washington, D.C., and New York.

The famous painting arrived aboard the liner United States and was placed in a small truck for the trip to Paris.

Hsiao-ping, general secretary of the Chinese Communist party, discussed the issue Saturday.

Both Soviet and Chinese leaders favor a meeting to try to resolve the Moscow-Peking ideological dispute. The Russians want it restricted to leaders of the two countries. The Chinese insist the discussion should be held at a summit meeting of all Communist parties.

SAPPORO, Japan (AP) — When the Japanese defense forces built an artillery range near their pasture, Tatem and Miharu Nozaki complained the noise of the firing was making their cows nervous.

When the guns continued to boom, the two brothers complained their cows were refusing to give milk.

As the booming continued, the Nozakis complained that the noise was causing the cows to lose their fertility.

Finally the irate brothers snipped the communications wires connecting the guns with observers in the target area.

Then there was silence. But the Nozakis are awaiting trial on charges of destroying government property.

WILCOXSON IS MENTALLY FIT TO STAND TRIAL

BUFFALO, N.Y. (AP)—"I will go to Sing Sing and you can pull the switch," Bobby Randall Wilcoxson yelled to a psychiatrist.

It was one of several outbursts by him Monday during a hearing to determine whether he was mentally fit to stand trial for murder and bank robbery. Federal Judge John O. Henderson ruled he was, after three psychiatrists testified that Wilcoxson faked insanity during mental tests here.

MENTALLY DISTURBED

They said Wilcoxson was mentally disturbed but not insane.

Wilcoxson, 33, one of the FBI's 10 most wanted until his capture last fall, sat handcuffed and shackled as psychiatrists reported he told them he knew the secrets of the Atom Bomb and evolution and that President Kennedy had promised him a full pardon.

One psychiatrist described the statements as "concocted." Another said they were "a show, a display to impress me."

ROBBED 8 BANKS

Wilcoxson, who was the subject of an international manhunt, is charged with eight bank robberies totaling more than \$250,000. In one, in Brooklyn, he allegedly shot to death a guard.

He presumably will go on trial first in Brooklyn, where he is accused of firing a machine gun in a bank holdup in which a guard was killed.

He and his 19-year-old girl friend, Jacqueline Rose, were arrested in Baltimore late in November. About three weeks earlier, Albert Nussbaum, his alleged partner in five holdups, was picked up here.

Wilcoxson and Nussbaum allegedly took \$105,267 in two holdups here.

SAPPORO, Japan (AP) — When the Japanese defense forces built an artillery range near their pasture, Tatem and Miharu Nozaki complained the noise of the firing was making their cows nervous.

When the guns continued to boom, the two brothers complained their cows were refusing to give milk.

Rebel Ghosts Heading For Gettysburg

By MILES A. SMITH
The Associated Press
"An End to Bugling." By Edmund G. Love, Harper & Row, \$3.50.

From next June 28 to July 2 will occur the centennial of Gen. Jeb Stuart's cavalry strike toward what turned out to be the Battle of Gettysburg.

Love has commemorated this event, not in the sober light of historical analysis — such as we have been getting in the recent flood of Civil War books — but in the spirit of fantasy. So this is a spoof.

It seems that the Supreme Commander, through his chief of staff Michael (Archangel, 1st Class) has ordered the general and his 5,000 Confederate horsemen to re-enact their trip through the countryside.

There have to be some special rules, of course. No fatalities. Ordinary foraging is allowed, but no destruction of private property. And the Confederate ghosts have to operate according to the orders and information which they possessed in 1863.

Instead of capturing food wagons, this rowdy horde takes over a series of food trucks enroute to supermarkets. The railroad tracks haven't changed much, however, and are torn up as they were a century ago.

There are some real cute scenes. A chapter of the Daughters of the Confederacy feels pretty outraged. There is an odd party at an estate owned by the horse set. But the real fun comes at the expense of the highly baffled state police forces, and finally the National Guard. To most readers the disfigurement of the men in cruisers, tanks, planes and helicopters has the most savory appeal.

Perhaps this little book won't make you bust your buttons, but it is an amusing diversion and a welcome relief from historical solemnity.

BERLIN (AP) — Four young men escaped to West Berlin Monday night from Communist East Germany.

Police said the four sneaked past border guards and through the barbed wire at four different points of the city's border.

SURPLUS FOOD CHECK URGED

HARRISBURG (AP)—The state should take steps to prevent mismanagement of surplus food programs in the future, says a group of House Republicans.

They introduced a bill (H582) Tuesday that would place liability for such misuse of the federally-supplied food on the county where it occurred.

They also proposed that the state collect from Westmoreland County the money claimed from the state by the federal government for misappropriation of some \$400,000 worth of surplus food in that county during the latter part of the 1950s.

Four persons, including two county officials charged with mismanagement of the program there were convicted of either selling food or distributing it to persons who were not qualified for the program.

The government agreed to settle its claim for \$163,000 but the county paid only \$21,000.

The state was forced to make up the difference or lose the entire program.

The American Red Cross last year provided health agencies and hospitals with 1,144,200 units of gamma globulin, the blood component used to prevent or modify measles and infectious hepatitis and to combat other infections.

Russians Picketed At Valley Forge

VALLEY FORGE, Pa. (AP)—Eight Russian churchmen visited the headquarters of the American Baptist Convention here Tuesday while some 60 persons afoot and in cars picketed the grounds.

The eight are part of a group of 16 Russian churchmen who have been visiting this country since Feb. 27 at the invitation of the National Council of Churches.

Tuesday's orderly demonstration was similar to picketing that has greeted the Russians in other cities.

Among signs carried by the pickets was one saying "They Serve Khrushchev Not Christ."

At a press conference the Russians said that at home they enjoy religious freedom and church membership is increasing.

DOSSIN CITES COST FIGURES FOR POULTRY

Poultry breeds most popular 20 years ago have been displaced by cross-mated varieties, Carl O. Dossin, poultry expert from the Pennsylvania State University, told members of the Gettysburg Young Farmers' Association Tuesday evening at the high school building here.

Mr. Dossin said that, in 1942, 43 per cent of chickens raised commercially were Barred Rocks and 26.6 per cent were White Leghorns and only two per cent were cross-mated varieties. Last year there were only six per cent Barred Rocks, 13 per cent White Leghorns and 72 per cent were crossbreeds.

He gave the young farmers cost figures showing that in a survey conducted on 100 large poultry raisers in this state it was found that the average cost of producing a dozen eggs is 34 cents. He said feed costs accounts for 45.3 per cent of the total, the birds themselves 27.6 per cent, labor 14.3 per cent, building and equipment 6.9 per cent, supplies 2.4 per cent, electricity and telephone 1.3 per cent and miscellaneous 1.2 per cent.

Dossin said the survey showed that a saving of \$5 per ton in the cost of feed resulted in a one-cent drop in the cost of producing a dozen eggs. The study showed egg production averaged 228.9 per hen and it took 4.65 pounds of food per dozen eggs.

He said a family-operated poultry plant can operate best with 8,000 to 10,000 chickens but must be run efficiently. He also gave some figures gathered from a survey of nine top poultry producers in the state and said their average feed cost was \$3.41 per hundred.

President John Schwartz presided at the business meeting with 25 present. Plans were discussed for an all-day tour to Penn State March 26 when dairy, livestock, poultry and sheep departments will be visited and Rockview penitentiary will be toured that afternoon.

Plans were made also for the dinner meeting in April.

Mr. Dossin was introduced by Elmer H. Schriver, vocational "ag" teacher at Gettysburg High School.

LONDON (AP)—John Dugdale, 57, Labor party member of Parliament and former Cabinet minister, died today. He collapsed while making a speech Monday in the House of Commons.

BURLINGAME, Calif. (AP)—Rosa Hooper, 86, miniature-porcelain painter, died Tuesday. Her award-winning miniatures were exhibited nationally.

Swope—Gehr

Miss Joan Elizabeth Gehr, daughter of Mr. and Mrs. John S. Gehr, Waynesboro R. 3, and William Franklin Swope, son of Mr. and Mrs. Samuel Swope Jr., 118 W. Fifth St., Waynesboro, were united in marriage Saturday afternoon at 2:30 o'clock at the Trinity United Church of Christ, Waynesboro, by the Rev. H. Clayton Moyer, pastor, who performed the double-ring ceremony.

Miss Elsie Gehr, sister of the bride, was her only attendant and Jeffrey Swope served as best man for his brother. The ushers were Guy Bonner, Waynesboro R. 3, and Richard Gardenhour, Waynesboro. Samuel Swope was acolyte.

Following the ceremony a reception was held for 125 guests in Harbaugh Hall of the church with Mrs. George Rock, sister of the bride; Miss Susie Swope and Mrs. Walter Gembe Jr. serving. Following a wedding trip to the New England states the couple will be at home at 908 W. Third St., Lock Haven.

Removal

(Continued From Page 1)

The Soviet liner Baltika, which brought Khrushchev to New York in 1960, sailed Feb. 21 with an unspecified number of soldiers and airmen aboard.

Havana dispatches said 2,000 sailed on a ship which reporters were forbidden to identify March 1. Washington was skeptical of the figure, but U.S. officials said it is difficult to count men aboard by aerial reconnaissance. This ship probably was the Kalinin, another cruise vessel.

President Kennedy told his news conference March 6 he was not satisfied with the withdrawal rate, but this apparently has been stepped up.

Secretary of State Dean Rusk said Tuesday the United States will continue to press for more troop withdrawals. He said a "complete report" will not be issued until after the middle of the month.

Rusk also told the National Advertising Council there are still "some highly dangerous elements in the Cuba situation today."

He listed them as:

1. The possibility the Soviets would send offensive weapons back to Cuba. This, he said, would bring on a new crisis far greater than last October's.
2. Any interference with the daily U.S. surveillance of Cuba.
3. Any Soviet military action against Cubans.
4. Any forays from Cuba against neighboring countries.

Miss Rose Barker Going To Retire

Miss Rose V. Barker, Littlestown, associated with banking for the past 47 years, will retire April 1 from the First National Bank and Trust Co. of Hanover, where she has been employed 27 years.

Miss Barker, a native of Littlestown, was employed by the Littlestown Savings Institution from 1916 to 1931. From 1931 to 1933 she was assistant to the receiver, Division of Closed Banks, Pennsylvania Department of Banking. She was employed by the Hanover Trust Co. April 1, 1936, and subsequently was appointed assistant trust officer. In October, 1951, she became trust officer of that institution.

Upon merger of the First National Bank of Hanover and the Hanover Trust Co. to form the First National Bank and Trust Co. of Hanover, Miss Barker was designated as the first and for some time the only trust officer of that institution.

REV. MCINTOSH

Rev. Donald T. McIntosh, pastor of St. John's Methodist Church, Hampstead, Md., will be the speaker from tonight through Saturday at 7:30 o'clock nightly in the Evangelistic Crusade being held in Centenary EUB church, Biglerville. Rev. and Mrs. McIntosh made two trips to the mission fields during the last two years. They will show colored slides of their travels. He has also served on the staff of the Baltimore School of the Bible.

Music will be provided by Mr. and Mrs. Herman Smith of York. Services continue through March 31. Sunday morning services will be held at 9:30 o'clock with one unified program.

Reserves Decisions On Morals Charges

Decisions at joint hearings for 12 young men charged with corrupting the morals of minors at a recent party in Hanover, were reserved until March 21 by Justice of the Peace Dayne E. Garrett, Hanover, Tuesday night.

The charges were filed by Hanover police who said the party, which was attended by the youths and teen-age girls took place late Saturday, Feb. 16, in an apartment on East Chestnut St., Hanover.

Testimony was presented by the following police: Sgt. Curtis Sponseller and Patrolmen Gary Orndorff and Vernon Sponseller.

"More Than Conquerors" is the theme for this year's service of prayer and giving, sponsored by the United Church Women of Gettysburg. The service will be led by representatives of United Church Women from the various churches of the community.

The offering will be sent to the Divisions of Home and Foreign Missions of the National Council of Churches to be used to strengthen the outreach and ministry of the Christian church to the world. Of special interest to residents of Adams County will be the financial aid to the migrant ministry given by the National Council through the offerings received at the World Day of Prayer services.

There will be a preschool nursery held during the service in the parish house on Baltimore St.

A special children's service of prayer and giving will be held Friday from 4 to 5 o'clock in the fellowship hall of Memorial Evangelical United Brethren Church. A film strip, "Sunday Around the World," will be included in the program in which many children from the community churches will participate.

Recommend Two For Superior Court

HARRISBURG (AP)—State Sen. Paul Mahady, D-Westmoreland, and County Judge J. Sydney Hoffman of Philadelphia are expected to win the endorsement of the state Democratic party in their bids for the state Superior Court.

The two received the recommendation Tuesday of the 63-member Democratic State Policy Committee called by party chairman Otis B. Morse.

Mahady, 54-year-old Latrobe attorney, is serving his second term in the Senate. Hoffman was appointed to the bench in 1956 by former Gov. George M. Leader and was elected to a full 10-year term in 1957.

Meanwhile, Superior Court Judges J. Colin Wright and Harold L. Ervin, Republican incumbents, filed with the state elections bureau their nominating petitions for renomination and election.

SAC RESULT OF HUMILIATION, FRUSTRATION

By RICHARD K. O'MALLEY
PARIS (AP)—The terrorist Secret Army Organization of France is a product of humiliation, frustration and defeat.

Its seeds were sown in the rice paddies of Indochina, where the little brown men of the Communist Viet Minh triumphed. It was nurtured in the humiliating disaster of the Suez venture. It flowered bloodily in the red soil of Algeria.

These items of history are responsible, too, for attracting to its ranks names once venerable in the proud military history of France. These men believe that they are the patriots and President Charles de Gaulle the traitor.

ALGERIA, LAST STRAW

For them, Algeria was the last straw. They had seen their armies defeated and thwarted elsewhere and they were determined to keep Algeria French by any means. History had passed them by, but in their fanatic determination they wanted to make it stand still. They could not realize that when the first band of rebels raced out of the Aures Mountains in 1954 Algeria already was lost.

De Gaulle, with his eye sharply upon the march of events, realized the hard fact of Algerian independence and said so. The men who created the secret army heard him with astonishment and rage.

NAME AND AIM

So, in April 1961, the secret army became an organization with a name and an aim. It was in that month that Gen. Raoul Salan, France's most decorated soldier, led the disastrous putsch of the generals in Algiers which crumbled in four days. Two generals became prisoners. Air force Gen. Maurice Challe quickly gave himself up. On May 6, Gen. Andre Zeller surrendered. Salan and Gen. Edmond de Gaulle fled Algiers in a truck loaded with paratroopers.

From then until independence came to Algeria the secret army and its killers swaggered bloodily through that land. They established networks in France and the roar of plastic bombs shattered the calm of Paris and of other cities. They were exploded in warning, in retribution and in savage blackmail to obtain funds. PICK OFF LEADERS

One by one the secret army leaders are being picked off. Gen. Paul Gardy, the last secret army high officer, is still a fugitive. Tough, wiry Col. Yves Godard, former intelligence chief of Algiers, has not been heard of for months. Some say he is dead. Col. Antoine Argoud was netted in a bizarre operation less than two weeks ago.

Today the two men whose names appear most as secret army chieftains are Col. Pierre Chateau-Jobert, who deserted the army in January last year, and

TV PROGRAM EXPERIMENT IS IN PROGRESS

By CYNTHIA LOWRY
AP Television-Radio Writer
NEW YORK (AP)—Tucked unobtrusively amid the welter of sports shows and old movies that occupy Sunday afternoon television, an interesting, even controversial experiment is in progress.

It is a series of five half-hour programs on ABC's "Directions '63," which is probing the sensitive area of ethics—Americans' values of right and wrong.

The programs, produced in cooperation with the Jewish Theological Seminary of America, started two weeks ago with a discussion between clergyman and a rabbi who participated in prayer pilgrimages and vigils in the South. Last Sunday the subject was teenage behavior.

Other issues
In coming weeks, discussions will revolve around business ethics, scientists and their social responsibility and ethics in world affairs.

Moderator of the series is Robert Lewis Shayon, by profession a television critic for the Saturday Review and personally disturbed about lack of ethical guidelines.

"We're trying to probe and reveal ethical values," he said. "If you look closely, sometimes you find that the real motive behind some good acts is fear or a need for publicity. The problem is how one arrives at ethical values. And when you've arrived, what makes you think you are right? Or that the other fellow is wrong?"

Shayon says that almost every big business has evolved procedures covering just about every aspect of corporate life—"but not a single one has guidelines for that thing called ethics."

Shayon feels broadcasting has an ethical problem involving its programming.

"What do men of education and learning owe the public in terms of television programming?" he asked. "Does the public have a right to receive only programs it seems to enjoy, or should there be better programs presented regularly, so that the public can be exposed to them—and perhaps some of it will rub off?"

TOKYO (AP)—Red China says its leaders and the Russians agree there should be talks "on important questions" concerning the international Communist movement. But the report from the New China News Agency did not seem to bring a meeting any closer.

The agency said Soviet Ambassador S. V. Chervonenko and Teng

Serves In Cold Weather Drill

Pfc. James R. Sanders, son of Mr. and Mrs. Ralph H. Sanders, R. 5, recently took part in "Exercise Wintersnap II," a cold weather field training maneuver in Korea, with other members of the 1st Cavalry Division.

The exercise was designed to test and improve combat effectiveness of U. S. forces helping defend the Republic of South Korea.

Sanders is a machine gunner in Company C of the 5th Cavalry's 1st Battle Group.

He entered the Army in January, 1962, completed basic training at Fort Jackson, S. C., and arrived overseas in January of this year.

The 23-year-old soldier attended Delone High School, McSherrystown.

Graduates In NCO School At Eustis
Cpl. Jackie M. Ketterman recently graduated from the Non-commissioned Officer (NCO) Academy at Fort Eustis, Va.

He received five weeks of training in various military subjects with emphasis on leadership and combat tactics. The purpose of the academy is to broaden the soldier's professional knowledge and to instill in him the self-confidence and sense of responsibility required of a capable leader.

The 21-year-old soldier, son of Mrs. Helen C. Ketterman, Littlestown R. 1, is a 1969 graduate of Littlestown High School.

AGRIGNON, Greece (AP)—Thirty-seven houses and a monastery were buried under tons of earth at the nearby village of Tarana after three strong earthquake tremors shook the area Tuesday.

Residents and monks fled in panic minutes before earth and huge boulders came rolling down off a nearby mountain. No casualties were reported.

LE HAVRE, France (AP)—The Mona Lisa returned to France Tuesday after her triumphant visit to Washington, D.C., and New York.

The famous painting arrived aboard the liner United States and was placed in a small truck for the trip to Paris.

Hsiao-ping, general secretary of the Chinese Communist party, discussed the issue Saturday.

Both Soviet and Chinese leaders favor a meeting to try to resolve the Moscow-Peking ideological dispute. The Russians want it restricted to leaders of the two countries. The Chinese insist the discussion should be held at a summit meeting of all Communist parties.

WILCOXSON IS MENTALLY FIT TO STAND TRIAL

BUFFALO, N.Y. (AP)—"I will go to Sing Sing and you can pull the switch," Bobby Randall Wilcoxson yelled to a psychiatrist.

It was one of several outbursts by him Monday during a hearing to determine whether he was mentally fit to stand trial for murder and bank robbery. Federal Judge John O. Henderson ruled he was, after three psychiatrists testified that Wilcoxson faked insanity during mental tests here.

MENTALLY DISTURBED
They said Wilcoxson was mentally disturbed but not insane.

Wilcoxson, 33, one of the FBI's 10 most wanted until his capture last fall, sat handcuffed and shackled as psychiatrists reported he told them he knew the secrets of the Atom Bomb and evolution and that President Kennedy had promised him a full pardon.

One psychiatrist described the statements as "concocted." Another said they were "a show, a display to impress me."

ROBBED 8 BANKS
Wilcoxson, who was the subject of an international manhunt, is charged with eight bank robberies totaling more than \$250,000. In one, in Brooklyn, he allegedly shot to death a guard.

He presumably will go on trial first in Brooklyn, where he is accused of firing a machine gun in a bank holdup in which a guard was killed.

He and his 19-year-old girl friend, Jacqueline Rose, were arrested in Baltimore late in November. About three weeks earlier, Albert Nussbaum, his alleged partner in five holdups, was picked up here.

Wilcoxson and Nussbaum allegedly took \$105,267 in two holdups here.

SAPPORO, Japan (AP)—When the Japanese defense forces built an artillery range near their pasture, Tatem and Miharu Nozaki complained the noise of the firing was making their cows nervous.

When the guns continued to boom, the two brothers complained their cows were refusing to give milk.

As the booming continued, the Nozakis complained that the noise was causing the cows to lose their fertility.

Finally the irate brothers snipped the communications wires connecting the guns with observers in the target area.

Then there was silence. But the Nozakis are awaiting trial on charges of destroying government property.

Rebel Ghosts Heading For Gettysburg

By MILES A. SMITH
The Associated Press
"An End to Bugling." By Edmund G. Love. Harper & Row. \$3.50.

From next June 28 to July 2 will occur the centennial of Gen. Jeb Stuart's cavalry strike toward what turned out to be the Battle of Gettysburg.

Love has commemorated this event, not in the sober light of historical analysis — such as we have been getting in the recent flood of Civil War books — but in the spirit of fantasy. So this is a spoof.

It seems that the Supreme Commander, through his chief of staff Michael (Archangel, 1st Class) has ordered the general and his 5,000 Confederate horsemen to re-enact their trip through the countryside.

There have to be some special rules, of course. No fatalities. Ordinary foraging is allowed, but no destruction of private property. And the Confederate ghosts have to operate according to the orders and information which they possessed in 1863.

Instead of capturing food wagons, this rowdy horde takes over a series of food trucks enroute to supermarkets. The railroad tracks haven't changed much, however, and are torn up as they were a century ago.

There are some real cute scenes. A chapter of the Daughters of the Confederacy feels pretty outraged. There is an odd party at an estate owned by the horsey set. But the real fun comes at the expense of the highly baffled state police forces, and finally the National Guard. To most readers the discomfiture of the men in cruisers, tanks, planes and helicopters has the most savory appeal.

Perhaps this little book won't make you bust your buttons, but it is an amusing diversion and a welcome relief from historical solemnity.

BERLIN (AP) — Four young men escaped to West Berlin Monday night from Communist East Germany.

Police said the four sneaked past border guards and through the barbed wire at four different points of the city's border.

Odd Fellows Sued In Boy's Drowning

PITTSBURGH (AP)—St. Clair Lodge 362 of the Independent Order of Odd Fellows has been sued for damages in excess of \$40,000 in the drowning of six-year-old Dennis Gramz.

The administrator of the boy's estate filed the suit Monday in U. S. District Court. The suit claims the lodge was negligent in leaving uncovered a well on its property in the city's West End.

The youngster fell into the well Feb. 14 and drowned. He lived in the Elliott section.

HONG KONG (AP)—The Chinese Communists have reinforced their borders with Hong Kong and Macao to prevent possible infiltration by Nationalist saboteurs, arrivals in the two colonies report.

About 2,000 northern Chinese troops reportedly arrived early this month to bolster the border with Portuguese Macao.

CALCUTTA, India (AP)—Indian and Pakistani negotiators met today for a fourth round of talks on the Kashmir dispute.

The previous talks ended with each government proposing partition of Kashmir State along a line unacceptable to the other. India now controls the most important two-thirds of the disputed Himalayan state.

Kills Wife, 4 Children With Claw Hammer

MANCHESTER, N.H. (AP)—An unemployed Air Force veteran killed his Japanese-born wife and their four children with a claw hammer in the early morning darkness, police reported Tuesday.

Atty. Gen. William Maynard said Joseph M. Simichak, 3, walked into police headquarters at 4:25 a.m. and blurted out that his family was dead. Maynard said Simichak was charged with murder.

Police found the mother, Nobuko, 38, and four children in bed. Maynard said all had been struck with a hammer.

The mother and Franklin, 4, were alive when police arrived and were taken to Sacred Heart Hospital. The mother died within a hours later.

Dead in bed were: Patricia, 3; Elizabeth, 2, and Katherine, 6 months.

The Simichaks were married in Japan in 1957 when Simichak was stationed there in the Air Force. Maynard said a preliminary investigation did not disclose any reason for the slayings.

Ain't Ours.

Volkswagen owners don't dig this stuff. Not when it's only this deep.

For one thing, the VW engine's in the rear. The weight sits on the drive wheels.

It's like putting concrete blocks in your trunk.

For another, most trucks only clear about 7 inches, but the VW clears 9½. The bottom doesn't drag.

Even the air-cooling helps. The Volkswagen engine does not use water. There's nothing to freeze up. You always go.

(New VW owners sometimes feel uneasy about not buying anti-freeze. But there's no place to put it.)

All this, however, doesn't mean VW Trucks never get stuck. A drift's a drift.

That's why we ask owners to use chains or snow tires. Just to be sure.

Would you like to know who has a Volkswagen Truck in your neighborhood? Wait until you get about 6 inches of snow. Then look to see who isn't shoveling.

LOOK-ALIKES FIND THEY ARE LOST TWINS

BINGHAMTON, N.Y. (AP) — Roger D. Brooks of Miami, Fla., and Anthony J. Milasi of Binghamton look enough alike to be twins—and as it turns out, they are.

Brooks was approached by a stranger in a Miami restaurant last fall and asked if he were Milasi. Of course, he said he wasn't.

But Brooks was orphaned soon after his birth more than 24 years ago, and he knew he had a twin brother whom he had never met and whose whereabouts he did not know. Each had been adopted by a different family.

He immediately began to check and determined that Milasi was his brother.

MET LAST WEEKEND

They met here last weekend and discovered that the case of mistaken identity that led to the reunion was understandable.

Both are 6 feet 3 inches tall. Milasi weighs 210 pounds and Brooks 208. Both have brown hair and blue eyes, both wear size 13 shoes and they comb their hair the same way. Neither is married.

Brooks is the adopted son of Mildred Brooks of Miami, and Milasi is the adopted son of Mr. and Mrs. Joseph Milasi of Binghamton.

The stranger whose inquiry led to the reunion is Mark Frattalone of Boston, a student at Miami University, who had worked with Milasi during the summer.

LONDON (AP) — The British pound sagged in value Tuesday after a selling wave swept Europe's currency exchanges.

The pound was being quoted against the U.S. dollar at \$2.79 29-32, 3-32 of a cent below Monday night's closing price of \$2.80.

For the second straight day the state-run Bank of England intervened in an effort to prop sterling. It hurried to buy up pounds, using dollars from the nation's hard currency reserves.

The pound is officially valued at \$2.80.

The spot rate Tuesday is the lowest to which sterling has sagged since August 1961.

CARACAS, Venezuela (AP) — Sabotage of two pipelines Tuesday held down the flow of crude oil to the Lake Maracaibo refinery of the American-owned Creole Petroleum Corp., but officials said production had not been curtailed.

The pipelines were ripped open Sunday night by bombs thrown by men the Venezuelan government said were followers of Cuban Prime Minister Fidel Castro.

Americans learned skiing skills from Scandinavian settlers whose European ancestors had skied for 5,000 years.

DOSSIN CITES COST FIGURES FOR POULTRY

Poultry breeds most popular 20 years ago have been displaced by cross-mated varieties, Carl O. Dossin, poultry expert from the Pennsylvania State University, told members of the Gettysburg Young Farmers' Association Tuesday evening at the high school building here.

Mr. Dossin said that, in 1942, 43 per cent of chickens raised commercially were Barred Rocks and 26.6 per cent were White Leghorns and only two per cent were cross-mated varieties. Last year there were only six per cent Barred Rocks, 13 per cent White Leghorns and 72 per cent were crossbreeds.

He gave the young farmers cost figures showing that in a survey conducted on 100 large poultry raisers in this state it was found that the average cost of producing a dozen eggs is 34 cents. He said feed costs account for 45.3 per cent of the total, the birds themselves 27.6 per cent, labor 14.3 per cent, building and equipment 6.9 per cent, supplies 2.4 per cent, electricity and telephone 1.3 per cent and miscellaneous 1.2 per cent.

Dossin said the survey showed that a saving of \$5 per ton in the cost of feed resulted in a one-cent drop in the cost of producing a dozen eggs. The study showed egg production averaged 228.9 per hen and it took 4.65 pounds of feed per dozen eggs.

He said a family-operated poultry plant can operate best with 2,000 to 10,000 chickens but must be run efficiently. He also gave some figures gathered from a survey of nine top poultry producers in the state and said their average feed cost was \$3.41 per hundred.

President John Schwartz presided at the business meeting with 25 present. Plans were discussed for an all-day tour to Penn State March 26 when dairy, livestock, poultry and sheep departments will be visited and Rockview penitentiary will be toured that afternoon.

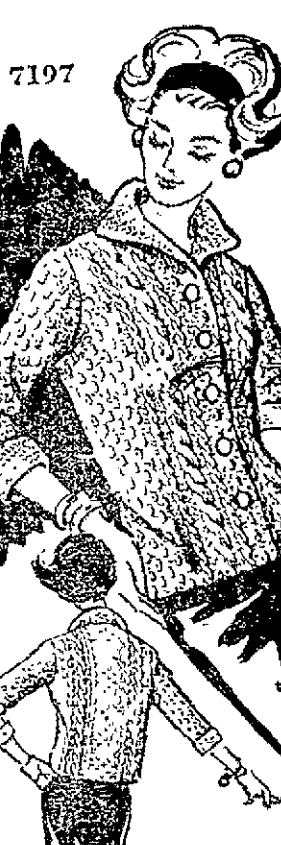

Plans were made also for the dinner meeting in April.

Mr. Dossin was introduced by Elmer H. Schriver, vocational "ag" teacher at Gettysburg High School.

LONDON (AP)—John Dugdale, 57, Labor party member of Parliament and former Cabinet minister, died today. He collapsed while making a speech Monday in the House of Commons.

Fifth St., Waynesboro, were united in marriage Saturday afternoon at 2:30 o'clock at the Trinity United Church of Christ, Waynesboro, by the Rev. H. Miss Elsie Gehr, sister of the bride, was her only attendant and Jeffrey Swope served as best man for his brother. The ushers were Guy Bonner, Waynesboro R. 3, and Richard Gardenhour, Waynesboro. Samuel Swope was acolyte.

Removal

(Continued From Page 1)
The Soviet liner Baltika, which brought Khrushchev to New York in 1960, sailed Feb. 21 with an unspecified number of soldiers and airmen aboard.

Havana dispatches said 2,000 sailed on a ship which reporters were forbidden to identify March 1. Washington was skeptical of the figure, but U.S. officials said it is difficult to count men aboard by aerial reconnaissance. This ship probably was the Kalinin, another cruise vessel.

President Kennedy told his news conference March 6 he was not satisfied with the withdrawal rate, but this apparently has been stepped up.

Secretary of State Dean Rusk said Tuesday the United States will continue to press for more troop withdrawals. He said a "complete report" will not be issued until after the middle of the month.

Rusk also told the National Advertising Council there are still "some highly dangerous elements in the Cuba situation today."

He listed them as:
1. The possibility the Soviets would send offensive weapons back to Cuba. This, he said, would bring on a new crisis far greater than last October's.

2. Any interference with the daily U.S. surveillance of Cuba.
3. Any Soviet military action against Cubans.
4. Any forays from Cuba against neighboring countries.

Miss Rose Barker Going To Retire

Miss Rose V. Barker, Littlestown, associated with banking for the past 47 years, will retire April 1 from the First National Bank and Trust Co. of Hanover, where she has been employed 27 years.

She was employed by the Hanover Trust Co. April 1, 1936, and subsequently was appointed assistant trust officer in October, 1951, she became trust officer of that institution.

Upon merger of the First National Bank of Hanover and the Hanover Trust Co. to form the First National Bank and Trust Co. of Hanover, Miss Barker was designated as the first and for some time the only trust officer of that institution.

Reserves Decisions On Morals Charges

Decisions at joint hearings for 12 young men charged with corrupting the morals of minors, at a recent party in Hanover, were reserved until March 21 by Justice of the Peace Dayne E. Garrett, Hanover, Tuesday night.

The charges were filed by Hanover police who said the party, which was attended by the youths and teen-age girls took place late Saturday, Feb. 16, in an apartment on East Chestnut St., Hanover.

Testimony was presented by the following police: Sgt. Curtis Sponseller and Patrolmen Gary Orndorff and Vernon Sponseller.

None of the defendants, several from Adams County, testified, but six of the girls ranging in ages from 15 to 19 years presented testimony.

Cincinnati Reds' pinch hitters made 55 hits in 1961 and again last season.

To Go Ahead On East Berlin Work

The Department of Highways has issued a "notice to proceed," effective March 20, to the Hanover Construction Company, Inc., Hanover, for work on 1.38 miles of Routes 194 and 234 in the East Berlin borough. The contract for reconstruction, including partial new alignment and reduced grade amounts to \$375,322.

The project is situated as follows: From approximately 600 feet south of the Hamilton Township-East Berlin borough line to the south end of the bridge over Conecago Creek on T.R. 194; from the east end of the bridge over the Conecago to the intersection with T.R. 234 and on 234 from the intersection to the west end of the bridge over Beaver Creek.

A reinforced concrete extension will be made to the existing structure across a mill race.

"More Than Conquerors" is the theme for this year's service of prayer and giving, sponsored by the United Church Women of Gettysburg. The service will be led by representatives of United Church Women from the various churches of the community.

The offering will be sent to the Divisions of Home and Foreign Missions of the National Council of Churches to be used to strengthen the outreach and ministry of the Christian church to the world. Of special interest to residents of Adams County will be the financial aid to the migrant ministry given by the National Council through the offerings received at the World Day of Prayer services.

There will be a preschool nursery held during the service in the parish house on Baltimore St.

A special children's service of prayer and giving will be held Friday from 4 to 5 o'clock in the fellowship hall of Memorial Evangelical United Brethren Church. A film strip, "Sunday Around the World" will be included in the program in which many children from the community churches will participate.

Recommend Two For Superior Court

HARRISBURG (AP)—State Sen. Paul Mahady, D-Westmoreland, and County Judge J. Sydney Hoffman of Philadelphia are expected to win the endorsement of the state Democratic party in their bids for the state Superior Court.

The two received the recommendation Tuesday of the 63-member Democratic State Policy Committee called by party chairman Otis B. Morse.

Mahady, 54-year-old Latrobe attorney, is serving his second term in the Senate. Hoffman was appointed to the bench in 1956 by former Gov. George M. Leader and was elected to a full 10-year term in 1957.

Meanwhile, Superior Court Judges J. Colvin Wright and Harold L. Ervin, Republican incumbents, filed with the state elections bureau their nominating petitions for renomination and election.

LOOK-ALIKES FIND THEY ARE LOST TWINS

BINGHAMTON, N.Y. (AP) — Roger D. Brooks of Miami, Fla., and Anthony J. Milasi of Binghamton look enough alike to be twins—and as it turns out, they are.

Brooks was approached by a stranger in a Miami restaurant last fall and asked if he were Milasi. Of course, he said he wasn't.

But Brooks was orphaned soon after his birth more than 24 years ago, and he knew he had a twin brother whom he had never met and whose whereabouts he did not know. Each had been adopted by a different family.

He immediately began to check and determined that Milasi was his brother.

MET LAST WEEKEND

They met here last weekend and discovered that the case of mistaken identity that led to the reunion was understandable.

Both are 6 feet 3 inches tall, Milasi weighs 210 pounds and Brooks 208. Both have brown hair and blue eyes, both wear size 13 shoes and they comb their hair the same way. Neither is married.

Brooks is the adopted son of Mildred Brooks of Miami, and Milasi is the adopted son of Mr. and Mrs. Joseph Milasi of Binghamton.

The stranger whose inquiry led to the reunion is Mark Fratallone of Boston, a student at Miami University, who had worked with Milasi during the summer.

LONDON (AP) — The British pound sagged in value Tuesday after a selling wave swept Europe's currency exchanges.

The pound was being quoted against the U.S. dollar at \$2.79 3/4, 3/4 of a cent below Monday night's closing price of \$2.80.

For the second straight day the state-run Bank of England intervened in an effort to prop sterling. It hurried to buy up pounds, using dollars from the nation's hard currency reserves.

The pound is officially valued at \$2.80.

The spot rate Tuesday is the lowest to which sterling has sagged since August 1961.

CARACAS, Venezuela (AP) — Sabotage of two pipelines Tuesday had down the flow of crude oil to the Lake Maracaibo refinery of the American-owned Creole Petroleum Corp., but officials said production had not been curtailed. The pipelines were ripped open Sunday night by bombs thrown by men the Venezuelan government said were followers of Cuban Prime Minister Fidel Castro.

Americans learned skiing skills from Scandinavian settlers whose European ancestors had skied for 5,000 years.

LOOK-ALIKES FIND THEY ARE LOST TWINS

BINGHAMTON, N.Y. (AP) — Roger D. Brooks of Miami, Fla., and Anthony J. Milasi of Binghamton look enough alike to be twins—and as it turns out, they are.

Brooks was approached by a stranger in a Miami restaurant last fall and asked if he were Milasi. Of course, he said he wasn't.

But Brooks was orphaned soon after his birth more than 24 years ago, and he knew he had a twin brother whom he had never met and whose whereabouts he did not know. Each had been adopted by a different family.

He immediately began to check and determined that Milasi was his brother.

MET LAST WEEKEND

They met here last weekend and discovered that the case of mistaken identity that led to the reunion was understandable.

Both are 6 feet 3 inches tall, Milasi weighs 210 pounds and Brooks 208. Both have brown hair and blue eyes, both wear size 13 shoes and they comb their hair the same way. Neither is married.

Brooks is the adopted son of Mildred Brooks of Miami, and Milasi is the adopted son of Mr. and Mrs. Joseph Milasi of Binghamton.

The stranger whose inquiry led to the reunion is Mark Frattalone of Boston, a student at Miami University, who had worked with Milasi during the summer.

LONDON (AP) — The British pound sagged in value Tuesday after a selling wave swept Europe's currency exchanges.

The pound was being quoted against the U.S. dollar at \$2.79 29-32, 3-32 of a cent below Monday night's closing price of \$2.80.

For the second straight day the state-run Bank of England intervened in an effort to prop sterling. It hurried to buy up pounds, using dollars from the nation's foreign currency reserves.

The pound is officially valued at \$2.80.

The spot rate Tuesday is the lowest to which sterling has sagged since August 1961.

CARACAS, Venezuela (AP) — Sabotage of two pipelines Tuesday held down the flow of crude oil to the Lake Maracaibo refinery of the American-owned Creole Petroleum Corp., but officials said production had not been curtailed.

The pipelines were ripped open Sunday night by bombs thrown by men the Venezuelan government said were followers of Cuban Prime Minister Fidel Castro.

Americans learned skiing skills from Scandinavian settlers whose European ancestors had skied for 5,000 years.
